

Conquest Planning endeavours to improve the speed, individualisation, accuracy and ongoing evolution of modern financial plans to fit every family's financial needs across life's twists and turns. Leveraging artificial intelligence (we call it SAM) to deliver personalised and prioritised financial planning strategies that will help financial advisers, and their clients see what possibilities exist for their financial future. We believe a goals-based approach to financial literacy, delivered through a human centered digital experience, will increase the number of people who can benefit from financial advice. We were founded in Canada in 2018 and went live in market in January of 2021. Since that time, we have become the market dominant software provider for financial advice delivery in that market. Conquest serves the entire wealth continuum – from simple to complex. We are based out of Winnipeg, Manitoba and have team members located across Canada, the United States, and United Kingdom.
