What makes Tumble Time so special?

- ***) Fun exploration** – Soft mats, tunnels, blocks, balls, and more designed just for tiny adventurers!
- ***) Perfect for little movers** – Developmentally fun activities that build coordination, confidence, and big smiles.
- ***) Bonding time built in** – You (or another trusted adult) stay right there with them (required) to play, guide, and cheer—it’s quality time you both love!
- ***) Super flexible** – Come & go as you like during the class. Pre Register in the Events Calendar.

All kiddos must be supervised by an adult at all times (safety first!).

Bring your curious toddler (and your sense of fun) for a morning of joyful movement. Spots aren’t reserved, so just swing by—we can’t wait to see those little tumbles and big grins!
