TRACK TITAN

DRIVER COACHING PLATFORM IN COLLABORATION WITH THE FIA

MEMBER GUIDE
FIA ASN ACCESS

Redeem your FIA ASN code on Track Titan

Your code from your national sporting authority (ASN) covers the first three months of the Track Titan membership you select, at no cost. Redemption takes about five minutes.

YOUR CODE
The unique code your ASN sent you. Each code works once.

AN EMAIL ADDRESS
The one you want linked to your membership.

A PAYMENT METHOD
Checkout is handled securely by Stripe.

THE RIGHT LINK
tracktitan.io/fia-asn

Step by step

1. **Open tracktitan.io/fia-asn** and select "Get Started". Please use this link rather than any other sign-up page, so your code is applied correctly.
2. **Create your account** with the email address you want linked to the membership, then continue to membership selection.
3. **Add your name and username, then choose your membership:** Plus, Setup or Ultra. Select "See what's included" to compare them. The first three months are free whichever you choose.
4. **Review and accept** the terms and conditions.
5. **At Stripe checkout, select "Add promotion code"**, enter your ASN code and apply it. Check that the correct membership and three months free are shown before you go further.
6. **Enter your payment details** and confirm the membership.
7. **Download the Track Titan Desktop App** when prompted, then install it on your PC or Mac and log in.
8. **Connect your game and start driving.** Follow the onboarding in the app to connect your game and record your first laps.

After three months

Your membership renews automatically at the price shown at checkout unless you cancel before the free period ends. You can manage or cancel it in your Track Titan account settings.

Supported titles: iRacing, Assetto Corsa, Assetto Corsa Competizione, Assetto Corsa EVO, Automobilista 2, Forza Motorsport, Le Mans Ultimate and the F1 series, including 2026 DLC.

If something goes wrong

If your code does not work, do not complete a paid purchase. Email **fia@tracktitan.io** with your ASN's name, the code and a short description of the problem.

If you already have a paid Track Titan membership, email us before redeeming so we can check your account.

Never send card details by email.
