<b>GIRLS</b>	Box of Paper Mate #2 woodcase pencils, for share cart

### Mr. Montgomery

	Ti 84 stat calculator
	Black EXPO erase markers
	White board cleaner
	2 in 3-ring binder for each class
	Red Bic pens
	Black Bic pens

### Algebra I & Geometry - Mrs. Farrell

	Pencils
	Red pen
	Highlighter
	1.5 in Heavy Duty binder (used for math only)
	TI-84 Graphing Calculator (plus or plus CE)
	Reinforced binder dividers to cover 12 sections
	<b>Optional:</b>
	Compass and protractor
	3-ring binder pencil pouch
	<b>Teacher Wishlist:</b>
	Tissue Boxes
	Disinfecting wipes
	Paper towels
	Bags of Candy

The supply list specifies TI-84 graphing calculators. While we appreciate that some families may have earlier versions of TI calculators or other brands like Casio, it's important for all students to use the TI-84 model.

Our math and science teachers are focusing on the TI-84's specific functions and features and they are unable to accommodate the variations in different calculator brands. To ensure that all students can follow along effectively, please make sure your child has a TI-84 graphing calculator for their high school math and science classes. If purchasing a new one isn't feasible, you can find good used TI-84 calculators on platforms like Marketplace or eBay.
