

Program Manager

Leesburg, VA

Who we are:

Altagrove delivers smart and innovative technology solutions that create competitive advantages for our customers and their missions. Our focus areas include Space, Connectivity, Cyber, Cloud, Analytics, and Research & Development. As we continue to grow, Altagrove is actively recruiting for a Program Manager to join our energetic and entrepreneurial team that is executing on a variety of projects that are technology oriented. A successful candidate will bring a core area of expertise and a passion for learning and implementing new ideas in a start-up environment.

Follow us at - <https://www.linkedin.com/company/altagrove>

What you will do:

- Oversee the planning, execution, and successful delivery of IT and network communication projects aligned with ABMS objectives.
- Serve as the primary point of contact for Air Force stakeholders, ensuring alignment with project goals, timelines, and mission requirements.
- Develop and manage project schedules, budgets, and risk mitigation strategies to ensure timely and cost-effective project completion.
- Lead cross-functional teams, including engineers, technicians, and subcontractors, to deliver integrated network solutions and IT services.
- Ensure compliance with Air Force standards, regulations, and security protocols, including Risk Management Framework (RMF) and cybersecurity requirements.
- Prepare and present project status reports, briefings, and documentation to senior leadership and government stakeholders.
- Oversee vendor contracts and ensure that deliverables meet technical and operational requirements.
- Identify and resolve project challenges, risks, and issues in a proactive and collaborative manner.
- Collaborate with testing teams to validate system performance and readiness for deployment.
- Support proposal development and contribute to the growth of the company's portfolio in the defense sector.
- Stay current with emerging technologies and industry trends to drive continuous improvement in ABMS processes and capabilities.
- Must be flexible to travel periodically in support of customer engagements and conferences.
- Bachelor's Degree from 4-year College/University or equivalent experience.
- Must possess an active Secret clearance, with eligibility for Top Secret/SCI.
- US citizenship required.

Program Manager

Leesburg, VA

What you will bring:

- Minimum of 7-10 years of experience managing IT and network communication projects, with at least 3 years of experience supporting Air Force programs, including ABMS or similar initiatives.
- Strong understanding of IT infrastructure, network communications, cloud computing, and secure data transmission.
- In-depth knowledge of the Advanced Battle Management System (ABMS) and its role in Joint All-Domain Command and Control (JADC2).
- Excellent leadership, communication, and interpersonal skills.
- Ability to manage multiple priorities and work effectively in a fast-paced environment.
- Strong problem-solving and decision-making abilities.
- Proficiency in project management tools and methodologies.
- Familiarity with cloud-based solutions, data analytics, and digital interoperability within the Department of Defense (DoD) context.
- Experience working with cross-domain solutions and secure networks in military environments.
- Knowledge of Agile project management principles and practices.
- Executes with an entrepreneurial spirit with a willingness to go the extra mile on behalf of our customers and their missions.
- Initiates routinely scheduled performance metrics reports and coordinates technical functions required to support the customer and the Altagrove team.
- Assists with data analysis and development using a variety of data resources in order to support the preparation of cyclical reports.
- PMP (Project Management Professional) certification is highly desired. ITIL, CISSP, or other relevant certifications are a plus.
