

Material Burn Certification — Sample

SAMPLE DOCUMENT — DEMONSTRATION PORTAL

This is a sample of the certification documents delivered through your Avtec client portal. Every material installed in your aircraft is tested and certified to **FAR 25.853** before installation, and the certificates live in your portal's Documents section for your records and your maintenance provider.

MATERIAL	TEST	RESULT
Townsend leather — "Cognac"	Vertical burn, 12s — FAR 25.853(a)	PASS
Certified seat foam	Oil burner — FAR 25.853(c)	PASS
