God promised His people a land of their own. But the process of settling in Canaan would not be easy because the land was inhabited by other people. In this series, kids will explore how God prepared the way for Israel to take over by making a safe passage for spies to enter, causing walls to crumble so the Israelites could conquer a city, and making the sun stand still to give His people an advantage during battle. God fulfilled His promise of providing a home for Israel because He can make a way through anything. He will always keep His word.
