### Upholstery options

All fabrics and leathers from the Brunner standard range are available for the seat and backrest elements. All leather colours from the torro and sevilla 2 collections are also available with an exclusive leather perforation.

### All-round seam colours

The all-round seams match the cover colour as standard. To add a special design highlight, the all-round seam on the upholstery elements is optionally available in the following colours.

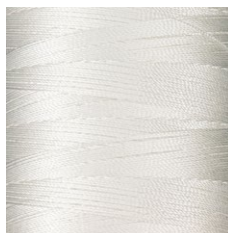

Fine, all-round decorative stitching in selected contrasting colours adds an elegant and individual touch to the cover\*.

## Model overview

**9272****9274****9276****9282****9284****9286**

## Materials

### Frame

Five-star base available with four or five foot extensions in die-cast aluminium, equipped with casters or gliders.

### Armrests

Die-cast aluminium armrests are available in various versions.

### Shell

The upholstery elements with side panel and all-round double seam, either matching the cover or as a highlight in a contrasting colour, create a slim silhouette thanks to the sophisticated lines.

For further information, please refer to the product data sheets.

## Cleaning and maintenance

Please follow our general cleaning and care instructions available online at [www.brunner-group.com](http://www.brunner-group.com).

## Generally

Manufacturing quality: DIN EN ISO 9001:2008 certified. Environmental standard: DIN EN ISO 14001:2004 certified. All materials used can be sorted by component type and recycled.
