- **Unlimited, transcendent, and ultimate**
- **Constitutes the sum total of all our decisions – it unifies us**
- **Faith is not demonstrative**
- **Faith is “ultimate concern”**

Faith vs. Knowledge

- **Faith is not knowledge (in itself)**
- **Faith and knowledge influence each other**

Faith vs. Belief

- **Beliefs are expressions of faith**
- **Beliefs arrive between faith and knowledge**
- **Beliefs are not objective knowledge about reality**
- **Faith cannot exist without belief, but faith is not wedded to beliefs**

Beliefs vs. Reason

- **Reason scrutinizes our beliefs**
- **Faith is a form of reasoning because it always bends back on itself**
