

Preparing a series of workshops

Scenario: You are going to offer a series of **four** 1.5 hour workshops on prayer in your local parish, one evening a week for four weeks.

For this exercise you will decide on the four themes / titles, and then put together the timetable for one of them. You will also list the resources you would need for the four sessions.

FOUR WORKSHOPS

Choose your four titles, including which ways of praying you will offer in each. NB You might like to offer workshops on other ways of praying as well as the ones used in this course.
