

British-Israelism

John Wilson, *Our Israelitish Origin* (1841).

In Genesis there is a remarkable prophecy by Noah with regard to his three sons. We there find Ham punished in his seed... whilst Shem is blessed in the Object of his religious regard... while Japhet... was promised emancipation or an introduction to the tents of Shem... Much mingled with the posterity of Shem, the descendants of Japheth 'dwell in their tents,' filling the place of upper servants: whilst not only has Canaan been 'cursed,' but the lower place - that of the mere slave - has been generally left to the other children of Ham... In the vast continent of Africa, we have the descendants of Ham... They have intelligence; but seem to have little forethought or power of planning, and require to be cared for like children. The children of Shem, generally called the Caucasian race, occupy the central position, and chiefly inhabit southern Asia... The head is more remarkable for height than either for length or breadth... The reflective region is especially well developed, and so also is the imaginative. They have the largest proportion of those powers which regard the spiritual world... The Jews and modern possessors of Europe are exceptions to the latter part of this rule, in whom the head is more beautifully formed than in even the other branches of the Semitic family.

Francis Galton

A man's natural abilities are derived by inheritance, under exactly the same limitations as are the form and physical features of the whole organic world. It would be quite practicable to produce a highly-gifted race of men by judicious marriages during several consecutive generations.... The natural ability of which this book mainly treats is such as a modern European possesses in a much greater average share than men of the lower races... There is nothing in the history of domestic animals or in that of evolution to make us doubt that a race of sane men may be formed who shall be as much superior mentally and morally to the modern European, as the modern European is to the lowest of the races."

Is British Israelism just racial pseudo-science in Christian garb?

Edward Hine, *Forty Seven Identifications* (1871)

"Only look for a moment at the important position occupied by this people, who possess the most improved portion of our globe, the greater part of which was but a wilderness when they took possession. There is scarcely any place of much importance in any part of the world that they do not now occupy... They have colonised or are colonising all the New World; a great part of Asia is in their possession; whilst Africa is in a manner surrounded by them. Either directly by power, or indirectly by diplomatic agency, they can control almost all the nations of the earth. All the facilities of good are being rapidly provided... It may be remarked that the European branch of the Semitic race is rapidly spreading Westward. From the East they came into the maritime parts of Europe, and have gradually pushed the people to 'the ends of the earth' who previously possessed these countries... After renewing their strength in these islands... this improved family of the Semitic race has launched out on the great Atlantic. The tide of emigration has rolled over that world of waters still farther west, encroaching upon the Japhetic race in America, as it did in Europe; and appears destined to spread, until the wilderness be wholly inhabited, and 'the desert rejoice and blossom as the rose.' With all their faults they seem to be eminently 'a seed which the Lord hath blessed.'

“We of the British Empire will, in the present war, probably get possession of Palestine... But finally the idea is that it will be London – Capital City of the Empire – that will be transferred, with throne court and all else to Jerusalem and the British Empire will change into the Kingdom of United Israel.”

British-Israelism is jingoistic imperialism with a Biblical gloss. Do you agree?

Charles Parham, *Voice Crying in the Wilderness* (1902).

"The Baptism of the Holy Spirit with the accompanying evidence of speaking in other tongues and the coordinate gifts of healing the sick and casting out of devils in Jesus' name, together with the warning message of the downfall of the present so-called Christian civilization and soon coming of the Lord, until all nations have received this witness. Many multiplied thousands have not only heard the old time gospel of saving grace, but have witnessed a return in a great measure to the apostolic faith, and have received healing as the early church received it... The fact that the ten lost tribes of Israel constitute the present cultured world ruling Protestant nations should be brought from under cover in order that the Scriptures bearing on Jacob's trouble and the ten-toed, ten-horned, ten-kinged powers might be understood and preparations made."

What links Pentecostalist Healing and British-Israelism?

John Dowie, *Leaves of Healing* (1897).

God hath made a covenant with the British people and with the British race. Are we not Israel? Do not Paul's words apply? "Who are Israelites; to whom pertaineth the adoption, and the glory, and the covenants, and the giving of the law, and the service of God, and the promises; whose are the fathers, and of whom as concerning the flesh, Christ came, who is over all, God blessed forever. Amen." Who are we, if we are not Israel? Whence came we, this imperial Anglo-Saxon race? The Saxons are Isaac's sons. I-sax-sons. The Danes are of the tribe of Dan which landed at the Danube, and went through Europe and through Denmark, and passed no further they stopped and called their land Dan-mark. Our native islands are where Donald Morrison comes from, and he who is talking to you today comes from, because if I were in the Highland they would call me Ian Dhui. I am of the clan from which Ben MacDhui takes its name, the second highest mountain in Scotland, not Dowie, Dhui, as every Gaelic scholarly Scotchman knows. It was at that Ben where the last of the Israelitish kings found a refuge, as tradition says. Many of you, perhaps, have not sufficiently studied the Anglo-Israelitish theory, as it is called, to be able to follow me very closely, but let me tell you this: those who have studied have no doubt at all about the matter that we today are God's Israel, and that the latter day promises are fulfilled, that in the Isles He would reign, and that from the Isles His law would proceed. "Harken unto me, my people, and give ear unto me, oh my nation; for a law shall proceed from me, and will make my judgment to rest for a light of the people. My righteousness is near; my salvation is gone forth, and mine arms shall judge the people: The Isles shall wait upon Me, and on mine arm shall they trust."

British Israelism is a rejection of supersessionism. Do you agree?

Can we trace the roots of British Israelism to Protestant Theology?

Can we trace the roots of British Israelism to Biblical sources?
