

Integration Solutions

ENTERPRISE API

Establish a direct connection between your property management software and AffordableHousing.com.

- **Lead Delivery:** Receive detailed renter lead information, including applications and inquiries from interested prospects, delivered directly to your software.
- **Real-Time Property Updates:** Automatically sync and update property listings, ensuring they remain accurate and visible without the need for manual effort.

LEAD FORWARDING

A simplified alternative for those not ready for a full API integration. Receive renter leads directly in your inbox, complete with detailed information about applicants and messages regarding your properties.

Why Work with Us

AffordableHousing.com is the only rental marketplace designed for LIHTC, Section 8, and NOAH.

- Qualified LIHTC renters, simplified compliance
- Direct access to Section 8 voucher holders.
- Streamlined prospect and tenant management

Enterprise Plan

The #1 Affordable Housing Platform

Trusted by **tens of millions**
of renters nationwide

About Us

At AffordableHousing.com, our mission is simple: to make affordable housing more accessible.

As the nation's largest online marketplace for affordable housing, we've pioneered innovative, data-driven technology solutions for over 20 years and are the trusted partner of thousands of Housing Agencies nationwide.

By simplifying access and streamlining the complex process for millions of renters and property owners, we make it easier to open more doors and give families a safe place to call home.

Real-time leads, right where you work

What is Enterprise?

The Enterprise Plan is built for large-scale property owners and management companies looking to streamline operations, boost visibility, and fill vacancies faster.

With exclusive tools and integrations tailored to the needs of high-volume portfolios, the Enterprise Plan simplifies property management and helps you connect with qualified renters quickly and efficiently.

Additional Features

SPOTLIGHT ADS

Guarantee your listing top placement, enhanced design, and maximum visibility.

MULTI-USER LOGIN

Streamline your operations with centralized billing and separate logins, assigning specific properties to each team member.

LEAD REPORTS

Get a centralized view of all renter inquiries, applications, and property views, allowing you to track, manage, and respond to leads efficiently.

WHITE-GLOVE SUPPORT

Enjoy dedicated support with a customer success agent assigned exclusively to your account.
