

	Title: Quality Policy	Date: 09.01.23.	Issue No. 10
	Document Ref: QMS01	Approved by: P. Bailey	1 Page

Quality Policy

It is the policy of Auto Marine Cables Ltd. to supply products and services to a quality standard that consistently meets customer expectations first time whilst achieving regulatory and legislative compliance. To achieve this objective, the company operates a Quality Management System conforming to the requirements of the International Quality Standard, ISO 9001:2015.

To support our commitment to continually improve the effectiveness of the Quality Management System, the Senior Management Team consider the risks and opportunities presented to the business and ensure measurable quality objectives are established and implemented at appropriate levels across the business. These are reviewed as part of the business planning process conducted by the Senior Management Team.

The Quality Management System and the supporting policies and procedures are regularly audited and reviewed. Any deficiencies are highlighted and rectified in order to ensure continued compliance with the requirements of ISO 9001:2015. Where appropriate, it shall be formally modified to improve efficiencies, eliminate deficiencies and to reflect changes in practices, technology and business/customer needs and to eliminate or reduce risk.

This policy is communicated to employees as part of their induction training and continuing development and will be reviewed at least annually by the Senior Management Team. All employees will be provided with the necessary resources, equipment, information, instruction and training to fulfill the requirements of this policy.

Signed:

Managing Director
