In addition, they have 6 modules of emergency vehicle operators' on-line courses, which will be mandated for drivers.

-The Chief is in talks with the CT Fire Academy regarding the use of their pump training prop. It can be programmed with WFD's configuration, he feels it will be especially helpful for new members. It is not replacing pump training but it allows you to pump four or five different scenarios without laying hose. If it can be scheduled for a reasonable cost, he will move forward.

-The Hogwall firefighting training wall prop with United Fire Training is scheduled for April 25th & 26th.

- A meeting was held with a new uniform company out of Meriden to explore options and pricing for Class A uniforms & hardware and possible daytime station uniforms. It should be live in two weeks.

- On Tuesday, February 10th at 6pm there will be a swearing-in ceremony for all of the line officers.
- The Chief previously talked about the department's initiative on enhancing highway safety operations. AC Kohl is leading this action and has set a traffic incident management system training (TIMS) for Saturday, March 7th. The DOT, State Police, etc. are part of this all-day training event. On a **MOTION** by Scarrozzo and seconded by Peterson it was approved the daytime staff to attend.
- The status of training classes for members was reported as follows: Q Endorsement – (1) member finished the classroom portion and is working on their driving hours to complete the course; FFI/FFII Combo – (3) members will be in the class that is hosted at WFD from Dec-June; and (1) member participating in a course offered at Watertown FD from Feb-May; Fire Officer II – Officers Lemay & Velardi are in class (Jan-Feb); Fire Service Instructor I – Chiefs Lube & Trevisan are scheduled (May).
