"Lex brings an inspiring and compelling message about becoming the best version of yourself. His own journey and story are ripe with rich leadership insights delivered in a poignant and humbling fashion."

Meta

Lex Gillette is a Paralympic medalist, world champion, and internationally acclaimed speaker.

As the most decorated totally blind long jumper in U.S. and Paralympic history, he inspires audiences to lead with purpose, overcome adversity, and unlock their full potential.

Through his signature message No Need for Sight When You Have a Vision® and dynamic talks on resilience, leadership, and change, Lex empowers teams to break barriers and create lasting impact.

SIGNATURE SPEECHES

No Need For Sight When You Have a Vision®

The greatest visions are born long before the world can see them. Paralympic medalist Lex Gillette empowers audiences to discover how belief, discipline, and focus turn obstacles into opportunities. Through stories from his journey of losing sight yet gaining vision, Lex inspires you to clarify your goals, commit to your plan, and persevere through challenges, proving that extraordinary outcomes begin with the courage to see it before it's visible.

Mind the Gap: Turning What You See into What You Do

What if the greatest advantage in leadership isn't what you see, but what you learn to notice? In this dynamic keynote, Paralympic medalist Lex Gillette reveals how insight, not eyesight, fuels clarity, trust, and connection. Through powerful storytelling, Lex challenges audiences to uncover unseen barriers, communicate with intention, and cultivate belonging. The result? Teams that see beyond limits, strengthen collaboration, and rise together toward shared success.

Tethered Together: The Power of Connection and Teamwork

Every great achievement is a shared victory. Paralympic medalist Lex Gillette has experienced that truth firsthand through the extraordinary teamwork between blind athlete and guide - partnerships built on trust, communication, and complete alignment. In this inspiring keynote, Lex reveals how the same principles that drive Paralympic success can transform any team. Audiences will learn to build authentic trust, strengthen collaboration, and move with shared purpose, proving that when teams are truly tethered together, they don't just run, they soar.
