Do your best work together with Mural + Microsoft Teams

Brainstorm, plan, and visualize ideas together with everything you need to make teamwork a success.

Faster, smoother workflows with Mural and Microsoft

Mural is built for Microsoft-powered organizations and designed to integrate seamlessly with the Microsoft ecosystem to scale effective teamwork.

- Mural's trusted platform and deep integrations deliver a connected experience where you're already working
- Transform disengaged conversations into productive, engaging meetings and workshops where everyone participates, and makes faster decisions together.
- Unblock creative work and power rapid innovation by brainstorming, ideating, and prototyping right in Teams.
- Organize the day-to-day to improve project alignment and reduce collaboration friction.
- Level up teamwork with async visual collaboration, hundreds of templates, and proven guided methods that empower teams to deliver breakthrough results.

“Mural and Microsoft together are a huge part of our collaboration stack. Separately, they’ve been an integral part of how we empower our hybrid workforce — so now that they’ve come together in one streamlined interface, it’s a game changer.”

Erik Gottesman

VP of Agile Program Management

A seamless experience,
where you're already working

- Pin a mural to any meeting invite in Teams to share information ahead of time or easily find the right mural for a recurring meeting.
- Collaborate in real-time in a mural during a live video meeting to increase inclusivity, engagement, and creativity.
- Collaborate asynchronously on your murals from the Mural personal app, right within Teams.
- Simply embed a mural as a tab to any chat or channel in Teams to collaborate visually.
- Easily reference or return to the mural to keep teamwork going.
- Guide teamwork with all of Mural's visual collaboration features (like voting, summon, private mode, and more) and ready-to-use templates.

80%

of surveyed Consultants have seen an increase in participation and engagement in meetings and workshops since leveraging Mural's Microsoft Teams integration.¹
