

RHYTHMS OF LEADERSHIP

Great leaders don't just set the tone, they inspire others to find their own rhythm!

Put a drum in everyone's hand during this energizing, hands-on professional development experience designed for school administrators, staff, and leadership teams.

Using the universal language of rhythm, participants explore how the art of drumming mirrors the art of leadership by balancing individuality with collaboration, speaking a shared language, and building something greater together!

Walk away inspired, connected, and ready to bring this collective energy back to your team!
