- MODERN PICKET 10
- PERIMETER FENCING & GATES 11-12
- POSTS & ACCESSORIES 13
- DRIVEWAY GATES 14
- VALLA SERIES 15-17

CONSIDERATIONS & CARE INSTRUCTIONS

- Avoid earth or soil coming in contact with the fence.
- Check drainage holes occasionally for any blockages.
- Do not use fertilisers and garden chemicals in or around fence.
- Check for underground services (gas, power, water and telephone).
- Slope all concrete away from post to limit any water build up around base of post.
- Regularly clean (monthly) all fences and gates with a soft brush and mild detergent solution. (Do not use harsh abrasive products)
- Wash down fencing after each swim in a salt water pool environment.
- Do not lean or stack materials against the fence.
- Immediately remove all metal filings from self-drilling screws, and other steel particles to avoid rust and staining.

Valla Series

PERIMETER • PRIVACY • INFILL • GATES

MODULAR | DIY | 10YR WARRANTY

Product Overview

Guardians Valla Series is a flexible modular fencing and gate system designed to bring privacy, security and contemporary style to boundary fencing, outdoor living areas and entrances. Its clean horizontal profile can be customised with modern slat or solid infill for greater screening and privacy.

Designed for easy installation, Valla panels can be cut to size on site to suit your space. Matching pedestrian and driveway gates are supplied fully assembled, creating a seamless and coordinated finish across the entire project. Lightweight, durable and backed by a 10-year warranty, Valla makes it easy to create a modern outdoor space tailored to your home.
