

HUDSON TABLE LAMP

RECHARGEABLE
INDOOR + OUTDOOR

The Hudson Rechargeable Table Lamp combines the best of both worlds—modern-inspired design, and user-friendly technology.

Whether you're outfitting your indoor space with soft, ambient light or illuminating an outdoor gathering without the hassle of cords or insects, the Hudson lamp is the perfect solution.

FEATURES

Cordless Operation

Use them anywhere without the hassle of plugs or cables

Indoor | Light Outdoor Use

IP54 rating makes lamps suitable for use indoors but also on balconies, patios, decks, and more

Insect Mask

Many nocturnal insects are drawn to bright light, but the insect mask setting emits wavelengths outside their visible spectrum, reducing attraction while maintaining effective lighting for humans.

Adjustable Color Temperature

Choose between 1700K, 3000K, and 5000K color temperatures

Onboard Memory

User can lock preferred settings so they won't have to cycle through every time lamp is turned on.

USB Type-C Charging

Compatible with any USB type-C charger

Touch Controls | Dimming

Touch powers on/off, color temperature settings, and brightness level

CONTEMPORARY COLLECTION

MATTE BLACK

MATTE WHITE
