

Books of the Bible Poster Download

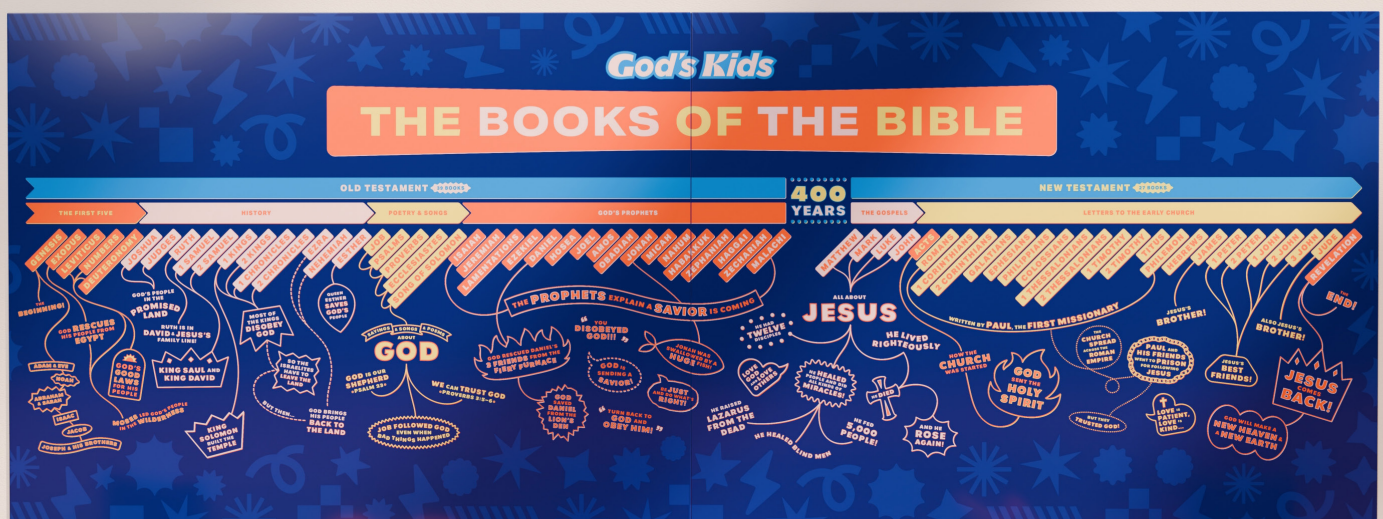

The God's Kids Books of the Bible poster is a wide, horizontal graphic displaying the 66 books of the Bible along with fun and educational notations for each book. Due to its wide design, it is split into two smaller posters that need to be printed separately and placed side-by-side on the wall to experience the full effect. Because of this unique design, we have provided specific instructions for printing to make sure you get the best possible result.

Before You Print: Quick File Tips

- Match the aspect ratio. Both halves of the poster are designed in a 3:4 ratio (for example, 18" x 24", 24" x 32", or 30" x 40"). Choose a size with the same ratio so nothing gets stretched or cropped. Note: The poster is displayed horizontally but will be printed vertically.
- Don't resize the file. Upload it at 100%.
- Choose a finish. Matte reduces glare and works well in bright rooms. Semi-gloss or glossy makes colors pop. We think the posters look best with semi-gloss or gloss, but the choice is yours.
- Check the print resolution. Our files are prepared for high-quality printing at the sizes provided. If a printer warns that a file is "low resolution" at a much larger size, stick to the recommended sizes.
- To get the best results order both panels at the same size with the same printer.

Left Side: 48" x 36"

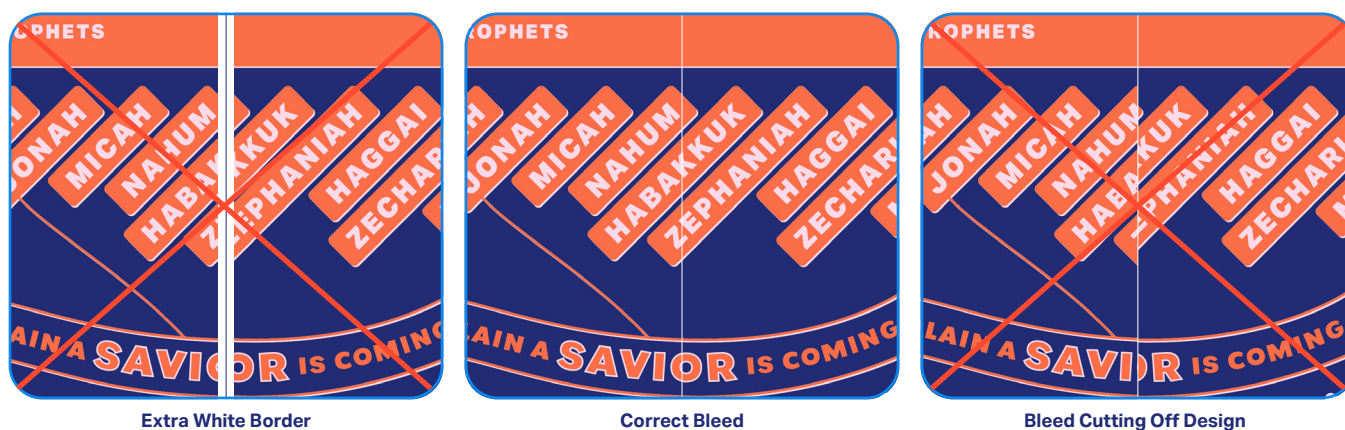

Right Side: 48" x 36"

God's
Kids

IMPORTANT: Printing With Full Bleed

Because the two halves of the poster need to meet in the middle, it is very important that you print them with the correct bleed settings. Correct bleed settings mean that the designs will extend to the edge of the paper without a white border and none of the design cut off. If you are using your own printer rather than one of the recommended ones below make sure to check for bleed settings before printing. If you're unsure whether a printer supports full bleed at your desired size, contact their customer support before ordering.

Printer Recommendations

If you don't already have a preferred local print shop, here are a few well-regarded online options. Each is easy to use, requires no design experience, and is known for good print quality and customer service. This isn't an exclusive list—feel free to use any printer your church prefers.

1. [VistaPrint \(jump to instructions\)*](#)

Vistaprint offers affordable online poster printing with multiple size options and frequent discounts. Includes a .25" bleed on all sides.

2. [FedEx \(jump to instructions\)*](#)

FedEx provides fast poster printing, often within 24 hours, with online ordering and in-store support. Includes .125" on all side.

3. [PosterBurner \(jump to instructions\)*](#)

PosterBurner specializes in high-quality poster printing with strong customer service and image-enhancement technology. Requires you to pay an extra charge to remove a 3 mm white space on all sides of the poster.

*A Few Reminders

- *RightNow Media is not affiliated with these printers and does not receive a commission from orders placed with them. They're simply well-reviewed options.*
- *Pricing and turnaround times change, so check each website for current rates and shipping estimates.*
- *If you have an issue with an order, contact the printer's customer service team directly—they can help fastest since they're producing and shipping your poster.*

Vistaprint is one of the most recognizable names in online printing, with a simple upload-and-order process. It offers a variety of poster sizes and finishes at accessible prices with frequent promotions that can make smaller orders even more affordable.

AVAILABLE SIZES 18"x24" & 36"x48"

ALTERNATIVE MATERIALS Foam Board for 18"x24"

Ordering Instructions

1. Go to the VistaPrint link above.
 - a. Enter the quantity of prints to be ordered for one design.
 - b. Select "Vertical" under Orientation.
 - c. Select print size (18"x24" or 36"x48").
 - d. Select Paper Stock (Semi-gloss will make colors pop while Premium Matte will be ideal for rooms with a lot of windows).
2. Select "Upload your design."
 - a. Select "Upload from this device."
 - b. IMPORTANT: In our provided files, navigate to the VistaPrint folder and select the "Left" poster size that corresponds to the size previously selected. This will ensure the file has a .25" bleed on all sides.
 - c. Press "Next" and then "Continue" on the Review Your Design page.
 - d. Press "Add to Cart."
 - e. Repeat process with "Right" side of poster.

FedEx

WWW.OFFICE.FEDEX.COM/DEFAULT/POSTERS.HTML

FedEx is a trusted national brand with locations across the country. Your team can order online or visit a store for in-person help. Most poster orders are ready within 24 hours, and staff can assist with sizing or file questions.

AVAILABLE SIZES 18"x24" & 36"x48"

ALTERNATIVE MATERIALS Stretched canvas, acrylic, and metal prints.

Ordering Instructions

- Go to the FedEx link above.
 - Select print Size (18"x24" or 36"x48").
 - Select Matte Paper under Paper Type.
 - Select vertical orientation.
 - Select Glossy lamination to make colors pop for an additional cost.
 - Select foam board mounting for a thick mounted poster for an additional cost.
- Select "Upload A File"
 - IMPORTANT:** In our provided files, navigate to the FedEx folder and select the "Left" poster size that corresponds to the size previously selected. This will ensure the file has a .125" bleed on all sides.
 - Press "Add to Cart"
 - Repeat process with "Right" side of poster.

Poster Prints

Create custom poster prints for business signage, events, classrooms, presentations, and more. Choose from five sizes, matte or glossy photo paper, or satin photo paper, plus optional lamination or mounting.

PosterBurner

WWW.POSTERBURNER.COM

PosterBurner is a US-based printer focused specifically on posters. It's known for strong customer reviews, responsive service, and image-enhancement technology that can help files print sharply at larger sizes.

AVAILABLE SIZES 18"x24" & 30"x40"

Ordering Instructions

1. Go to the PosterBurner link above and select "Get Started Now."
 - a. **IMPORTANT:** In our provided files, navigate to the PosterBurner folder and select the "Left" poster file for the size you want to print.
 - b. Select either Matte or Gloss finish (Gloss will make colors pop while Premium Matte will be ideal for rooms with a lot of windows).
 - c. Select poster size in Portrait orientation.
 - d. Press "Continue."
 - e. **IMPORTANT:** Make sure to select "Borderless" before ordering to make sure there isn't a white border on the printed design. This will make the two prints line up correctly when printed.
 - f. Repeat the process with the "Right" side.
