Fakeeh Care Group

Our Journey So Far

In the heart of Jeddah, Dr. Soliman Fakeeh Hospital and its associated centers, with 48 years of legacy, have been leaders in medical care and education. The Academic and Training Affairs (ATA) Department played a crucial role in shaping medical education at the institution.

With each passing year, ATA recognized the evolving needs of the healthcare sector and were determined to stay ahead of the curve.

As Fakeeh Care Group expanded over the years and more cluster-based hospitals were established demanding the formation of multiple ATA departments, the need for comprehensive medical education and research became evident.

To meet this demand, ATA recognized the need for a unified identity at the corporate level leading to the establishment of Fakeeh Care Academy.

RESEARCH & INNOVATION

RESEARCH & INNOVATION

فقيه.

مجموعة فقيه للرعاية الصحية
Fakeeh Care Group

Fakeeh Research and Innovations

Purpose:

Leads the convergence of research and innovation to architect a future-ready healthcare ecosystem, enabling the creation of services that transform care delivery and foster sustainable impact.

Structure:

Overseen by the Fakeeh Corporate Research and Innovation Board, chaired by the Group President. This board is responsible for managing research, ethics, grants, and innovation through multiple committees, including the group-wide Institutional Review Board (IRB), which reviews research proposals to protect participants' rights, well-being, and safety. The group pays special attention to ensure the complete protection of research participants while promoting clinical research and the development of health technologies and moving research from the bench to the bed.

RESEARCH & INNOVATION

Focus Areas:

- Clinical Research and Trials: Composed of the Fakeeh Clinical Trial Units (CTUs), the Clinical Research Organization (CRO) office and services, with the associated regulatory support.
- The Innovation Hub and Innovation Culture: This function supports the development and incubation of innovative ideas through a web-based platform, implementing various mechanisms (Entrepreneurship Program) to facilitate the realization of these innovative initiatives.
- AI & Data Analytics Center of Excellence: It's an independent entity in partnership with the industry to support digital startups. The CoE provides an AI sandbox, automates data sharing and monetization, offers digital solutions, and ensures regulatory compliance.

Goals:

- Set world-class research and innovation standards at Fakeeh Care Group.
- Build national and global partnerships by utilizing the services provided by the CTUs, CRO, Innovation Hub, Entrepreneurship Program, and the AI CoE to lead in healthcare in the region.
- Advance the digital transformation and promotion of wellness across the healthcare industry.

DR. SOLIMAN FAKEEH HOSPITAL FOUNDATION STONE LAID AT MASAR, MAKKAH

In a new step to enhance healthcare in Makkah Al-Mukarramah, Dr. Mazen Fakeeh, President of Fakeeh Care Group, along with a number of senior group officials and project supervising engineers, visited the site of the new Dr. Soliman Fakeeh Hospital in the Masar destination, where they laid the foundation stone, officially marking the start of construction work. This event underscores the group's commitment to providing a state-of-the-art medical facility according to the highest international standards, contributing to enhancing health services in the region.

This project is distinguished by its advanced designs that place patient needs and well-being at the center of attention. The new hospital includes 200 medical beds, accommodating a wide range of medical conditions, along with 7 operating rooms equipped with the latest medical technologies to ensure precise and effective surgical care. Investments in this ambitious project are estimated at approximately 600 million Saudi riyals, reflecting Fakeeh Group's seriousness in investing in health infrastructure and its belief in its community-supporting mission.

LAYING THE FOUNDATION STONE FOR DR. SOLIMAN FAKEEH MEDICAL CENTER IN AL-ZAHRAA

Dr. Mazen Fakeeh, Chairman of Fakeeh Care Group, laid the cornerstone for the new Dr. Soliman Fakeeh Medical Center on Al-Batargy Street in Al-Zahraa District. This project comes in partnership with Yasser Yousef Naghi Investment Company, as part of the group's expansion plans to provide distinguished healthcare.

This center is considered an additional landmark and medical edifice for the group and it will offer outstanding services and various specialties, including:

- One-day surgeries
- Emergency services
- Integrated diagnostic center
- Assisted reproductive technology unit
- Oncology treatment unit
