

Avelios Medical Now Available on SAP® Store

By integrating with SAP Cloud ERP and SAP Business Suite, Avelios Medical's Hospital Information System (HIS) 2.0 offers customers an end-to-end fully integrated hospital IT system, setting new standards for digital patient care.

Munich — 25.09.2025 — Avelios Medical today announces that its Avelios Hospital Information System (HIS) is now available on SAP® Store, the online marketplace for SAP and partner offerings. Avelios' HIS integrates with SAP Cloud ERP and SAP Business Suite via SAP Business Technology Platform and SAP Health Data Services for FHIR.

Avelios addresses the urgent need of the hospital market to migrate from on-premise solutions such as SAP IS-H and i.s.h.med to a cloud-native HIS, providing clear migration paths for customers moving from ECC to S/4HANA Cloud.

The partnership between SAP and Avelios offers customers key strategic advantages:

- **Seamless migration:** Closely aligned transition paths accelerate implementation and provide industry best practices for customers to migrate from existing solutions to SAP Cloud ERP and Avelios HIS.
- **End-to-end integration:** Hospitals benefit from SAP's advanced Cloud ERP and the latest innovations in the SAP Business Suite, while leveraging Avelios' state-of-the-art, cloud-native HIS, offering modularity, treatment-oriented digitization, and fully structured data.
- **Healthcare-specific AI use cases:** Customers will also be able to integrate future healthcare-specific AI use cases, enabling data-driven process automation and support strategic decision-making across medical and administrative processes.
- **Cloud-ready architecture:** Customers get a full cloud-native SaaS experience integrated via SAP Business Technology Platform into existing customer landscape.

"This partnership embodies our commitment to transform healthcare IT, giving hospitals the ability to leverage cloud agility and latest innovations in AI while keeping data secure and workflows optimized."

Sebastian Steinhäuser, Member of the Executive Board of SAP SE, Chief Operating Officer.

SAP Store, found at store.sap.com, delivers a simplified and connected digital customer experience for finding, trying, buying, and renewing more than 2,300 solutions from SAP and its partners. There, customers can find the SAP solutions and SAP-validated solutions they need to grow their business.

About Avelios

Avelios Medical is a leading healthcare technology company specializing in fully modular, cloud-native hospital information systems (HIS). Built from the ground up based on structured data and with clinical requirements in mind, Avelios optimizes hospital processes, reduces documentation effort, and intelligently connects patient data – from admission to billing.

The company was founded in 2020 by Christian Albrecht, Nicolas Jakob and Dr. Sebastian Krammer. For more information, visit www.avelios.com.
