Experience

Fivestone Studios

UI/UX Designer — Freelance

2024-2025

- Led UI/UX design across three MoMoney Museum exhibits, defining visitor flows, interface behavior, tutorials, and visual systems for touchscreen and physical inputs.
- Simplified a personalized currency kiosk from **10 steps to 7**, reducing repetitive interactions before Unity development.
- Designed responsive interfaces and interaction systems for projects including **Lenovo AI Generator** and **The Forge**, from user flows and states to developer handoff.

Motion + UI/UX Design Intern

2023

- Designed wireframes, motion tests, and Lottie assets for **HCA Healthcare** interactive experiences through developer handoff.
- Adapted motion content across **8** distinct display formats for Mississippi State University, maintaining visual consistency across varying aspect ratios and resolutions.

SCADpro × Google Assistant

UX Research Lead

2023

- Led a team of 6 UX designers to conduct **12** user interviews and synthesize **661** data points into **5** key insights.
- Translated research findings into interaction flows and motion prototypes focused on proactive assistance, permission, and system feedback.

Rise2gether

Art Director & Branding Lead

2024-2026

- Directed a 10-person creative team and developed the visual system for a **300+** attendee summit across stage, social, merchandise, print, and digital touchpoints.
