

BOBBY JONES LINKS EXPLORER FAQ

WHAT IS THE BOBBY JONES LINKS EXPLORER?

A document that outlines the properties managed by BJL that participate in reciprocal benefits.

WHAT ARE THE RECIPROCAL BENEFITS PROVIDED?

BJL consists of Private and Public properties. Public Properties allow other BJL client's customers to play golf by paying the current daily fee. Private Properties allow other BJL Client's Members to play by paying the current cart fee.

HOW IT WORKS:

This is a resource that is managed Pro to Pro at each property.

1. Go to Caddyshack -> Marketing. This spreadsheet has each Pro's phone number and email.
2. Find the course your customer wishes to set up a tee time at.
3. Contact the Pro of the property. Their phone number and email are provided on the Explorer Spreadsheet.
4. Set up a tee time for the customer and explain to them the reciprocal benefit they will be receiving.
