Wiley Journal Backfiles - AGU title の一部をご紹介します:

Journal of Geophysical Research: Atmospheres

publishes original research articles that advance and improve the understanding of atmospheric properties and processes, including the interaction of the atmosphere with other components of the Earth system, as well as their roles in climate variability and change.

Online ISSN:2169-8996

Journal of Geophysical Research: Oceans

publishes new understanding of the ocean and its processes, including physical, biogeochemical, and sedimentary ocean processes and their interactions with other components of the Earth system.

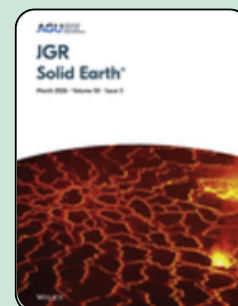

Online ISSN:2169-9291

Journal of Geophysical Research: Planets

publishes original research articles spanning the broad field of planetary science, including but not limited to planetary geology, geophysics, geochemistry, atmospheres, dynamics, and exoplanets.

Online ISSN:2169-9100

Journal of Geophysical Research: Solid Earth serves as the premier journal worldwide across the breadth of solid Earth geophysics. It has long distinguished itself as the venue for publication of research articles that significantly advance the science represented by the scope of the journal –using various data and techniques to study the solid Earth.

Online ISSN:2169-9356
