3. Detailed information on individual modes of INVOIC EDI messages at the customer's end

NOTINO as a customer currently **supports the mode of**

- **Regular invoicing – 1 INVOIC : 1 ORDERS**
An invoice (INVOIC) may relate to items of goods or services pertaining to a single order (ORDERS).
- **Bulk invoicing 1 INVOIC : N ORDERS**
Supports sending a single invoice (INVOIC) relating to multiple orders (ORDERS) provided that the following condition is met: order numbers are listed in the invoice rows.
- **Successive invoicing – 1 ORDERS : N INVOIC (multiple order delivery)**
Supports sending multiple invoices for a single order, provided that the order number is specified in the invoice rows. NOTINO can then process multiple invoices (INVOIC) for a single order (ORDERS).

NOTINO as a customer currently **does not support the mode of**

- **Processing of corrective tax documents**
NOTINO does not currently support the processing of EDI corrective tax documents.
 **(Document type 381).**
- **Processing of proforma invoices**
NOTINO does not currently support the processing of EDI proforma invoices.
 **(Document type 386).**

4. Specific situations when issuing an EDI INVOIC message

4.1. Reverse charge

Invoicing items under the domestic reverse charge mechanism (PDP). The document must contain an indication that the invoice contains lines in PDP mode, the text information "Tax paid by customer" in the field for mandatory text resulting from tax laws, and a tax summary of items in this mode in the relevant fields, which are different from the fields for items in the regular VAT mode.

EDIFACT D01.B – mandatory segment sample

- FTX+REG++ **Tax paid by customer** Texts required by tax laws
...
- TAX+7+VAT++++AE' Flag indicating that the invoice contains items in PDP mode
...
- LIN+1++859XXXXXXXXXX:SRV' Item identification

- MOA+8:15.00' Total Recycling fee
- RTE+2:1.50:1:PCE' Recycling fee per unit
will also be reflected in the net price (PRI+AAA)

5. Feedback on EDI documents received from NOTINO

If the NOTINO sender encounters any discrepancies when checking the received EDI message, they will send you (the supplier) a **notification message (APERAK negative, or email notification)** with a list of specific errors and their codes, requesting that you rectify them.

Instructions for resolving the most common errors in documents that are found in EDI documents sent from suppliers to NOTINO can be found at the following link: <https://edi.grit.eu/edi-komunikace/notino-eng>
