University of Florida College of Liberal Arts and Sciences

Bachelor of Arts in Economics

Minor: Business Administration

- GPA: 3.76/4.00

May 2028
Gainesville, FL

EXPERIENCE

Crillon Tours

Jun 2025 - Jan 2026

Financial Data Analysis and Confidential Information Management Intern

La Paz, Bolivia

- Analyzed confidential executive expense accounts to understand spending behavior and produced summaries that guided leadership decisions, leading to a 15% cost reduction
- Designed and managed an expense evaluation system to increase transparency into executive spending by tracking transactions across multiple years, leading to corrective action for misuse of funds
- Assessed 3 years of executive spending data to optimize cost-effectiveness by highlighting spending behaviors with the most variance from the expected budget, allowing for a more accurate budget
- Supported cash-flow analysis to strengthen alignment with organizational objectives by comparing actual results to expectations and explaining major drivers of positive and negative deviations

Bisa Seguros

Jun 2023

Artificial Intelligence Research Intern

La Paz, Bolivia

- Started an AI learning initiative in the healthcare department to expand innovation by researching use cases for integrating AI into legacy insurance systems, leading to the implementation of AI in backend systems
- Evaluated potential AI technologies to improve internal efficiency by identifying opportunities to automate routine tasks and streamline employee access to policy information
- Developed a virtual assistant prototype to enhance onboarding effectiveness for new employees by centralizing common questions, leading to a 20% increase in new employees' productivity

LEADERSHIP AND INVOLVEMENT

Hocicos Del Mundo

Aug 2021 - May 2024

Volunteer leader

La Paz, Bolivia

- Volunteered approximately 10 hours a week to maintain safe living conditions for 20+ mistreated dogs by handling feeding, cleaning, and shelter upkeep, reducing illnesses, and increasing overall safety
- Repaired and improved shelter structures to increase safety and comfort for 15 dogs by addressing damaged areas and enhancing the overall environment
- Delegated tasks to increase the efficiency of care by organizing weekly schedules, volunteer roles, and group fundraisers

Delta Sigma Pi

Mar 2026 - Present

Brother

Gainesville, FL

- Selected from 300+ applicants to participate in a 5-week professional development program consisting of weekly professional development meetings focused on networking, personal branding, interview preparation, community engagement, and presentations
- Produced a data analytics capstone project with over 10,000 data entries to create a presentation with data analysis using visualization tools like PowerBi and Excel and summarizing actionable insights
