Introduction

Ticon, Inc. (also referred to below as "**we**", "**us**" and "**our**") is a privacy conscious organization. This Privacy Notice explains how we protect your information collected from (1) the Web pages of the www.ticon.co website that are designated as United States in the upper right hand corner or Web pages of any other website with respect to which this Privacy Notice is posted or linked (such Web pages are collectively referred

to as the "**Website**"), or (2) any other mode of interacting with you relating to Ticon communications, such as online or offline newsletters and magazines, that reference this Privacy Notice ("**Communication**"). By using the Website or continuing to receive Communications, you agree to the use of such information in accordance with this Privacy Notice. This Privacy Notice also applies to your personal information that we may have collected from data brokers in connection with our marketing activities.

Information collection

We may collect personal information when you interact with the Website, such as if you choose to register or create a user profile on the Website (e.g., to gain access to specific content, attend a hosted event, respond to a survey, or request Communications about specific areas of interest), or otherwise provide it to us. Depending on the specific Communication you are receiving, or the Web page of the Website you are using, such information may consist of your name, current job title, company address, email address, telephone and fax numbers, correspondence with you, which newsletters you subscribe to, and other information you provide to us.

We may also collect personal information if you register for the Website using a third-party social network account (e.g., LinkedIn). For example, the Website may allow you to login using your social network account credentials. We may collect the username associated with that social media account and any information or content you have permitted the social media network to share with us, such as your profile picture, email address, and birthday. The information we collect may depend on the privacy settings you have with the social network site, so please review the privacy statement or policy of the applicable social network site. When you access the Website through your social network account, you are authorizing us to collect and use your information in accordance with this Privacy Notice.

The Website may also collect content that you provide, including postings on blogs, forums, wikis and other social media applications and services that we may provide.

We may also collect your personal information from data brokers in connection with our marketing activities.

We do not usually seek to collect sensitive personal information (i.e., data relating to race or ethnic origin, religious or philosophical beliefs, trade union membership, political opinions, medical or health conditions, or information specifying the sex life or sexual orientation of an individual) from users. We will, where necessary, obtain your explicit consent to collect and use such information.

Log information, cookies, and Web beacons

The Website collects standard Internet log information including your IP address, browser type and language, access times and referring website addresses. To ensure that the Website and Communications are well managed and to facilitate improved navigation, we or our service provider(s) may also use cookies (small text files stored in a user's browser) or Web beacons (electronic images that allow us to count users who

have accessed particular content and to access certain cookies) to collect aggregate data. Additional information on how we use cookies and other tracking technologies and how you can control these can be found in our Cookie Notice.

Information use

We collect and use your personal information with your consent to provide you with access to the Website and Communications, or where we have a legitimate business interest in or other legal basis for, such collection and use. The personal information you submit to us may be used to manage our relationship with you, including any of your requests, or to customize or improve the Website and related services offered to you.

We may also use your personal information for marketing purposes, or to send you promotional materials or communications regarding services provided by us that we feel may be of interest to you. We may also contact you to seek feedback on services provided by Ticon or for market or other research purposes. Your personal information may also be used to protect our rights or property and that of our users.

You may at any time request that we discontinue sending you Communications, emails, or other correspondence.

Disclosure of information to third parties

We generally do not provide your personal information to any third parties. As an exception, personal information may be disclosed to law enforcement, regulatory or other government agencies, or to other third parties, in each case to comply with legal, regulatory, or national security obligations or requests.

In relation to Communications, we may also share your personal information with service providers in connection with the delivery of such Communications.

All of these disclosures may involve the transfer of personal information to countries or regions without data protection rules similar to those in effect in your area of residence.

By providing information with respect to a Communication or through the Website, you are consenting to the disclosures described above.

Any personal information that we have referenced above under “Information collection” may be disclosed to the third parties identified in this section for the purposes set forth herein.

Therefore, we are not responsible for any other user's use, misuse or misappropriation of any personal information or other information that you contribute to any Social Media Application.

We do not share such personal information with nonaffiliated third parties for such purposes.

Do Not Track

"Do Not Track" is a preference you can set in your Web browser to let the websites you visit know that you do not want them collecting information about you. The Website does not currently respond to a "Do Not Track" or similar signal. We do not engage in the collection of personal information about your online activities over time and across third-party websites or online services to provide targeted advertising and we do not allow third parties to collect such personal information when you use the Website.
