

Interview Report

2022-March-20

Tech Stack:

Vue, React, Solidity

English Level:

Read: Fluent

Write: Fluent

Listen: Intermediate

Speak: Intermediate

Interviewer evaluation:

Solid front-end foundation, mastering Vue and React development skills, with a number of blockchain-related project experience, have his own understanding of the blockchain. Have also done simple solidity development, although not deep enough but is good enough for the front-end development. Clear communication and smooth expression.

Grade: 90
