Post-Pandemic

Flexible Work

Flexible Work is the next generation of Remote Work

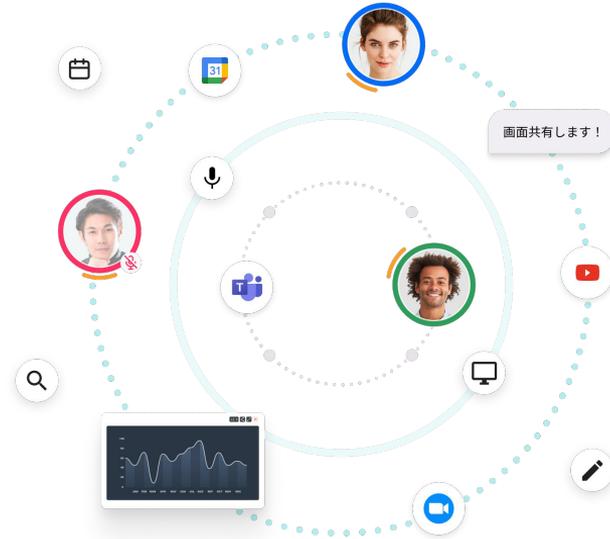

Flexible work refers to a range of work arrangements that allow employees to

- 1 Better work-life balance
- 2 Ability to manage personal and professional responsibilities
- 3 Increased productivity
- 4 Reduced stress and burnout
- 5 Improved job satisfaction

Benefits for your company

- 1 Attracting and retaining top talent
- 2 Increased productivity
- 3 Increased employee engagement
- 4 Reduced overhead costs
- 5 Access to a wider talent pool

"Flexible work arrangements are essential for creating a more inclusive and diverse workplace. They enable people from different backgrounds and with different needs to participate fully in the workforce."

- Satya Nadella, CEO of Microsoft

Key Limitations in Implementing Flexible Work Policies:

- 1 Lack of trust between managers and employees
- 2 Inadequate communication and collaboration tools
- 3 Insufficient training or support for remote work
- 4 Poorly defined expectations and accountability for remote or flexible work
- 5 Inconsistent or unfair treatment of remote or flexible workers compared to office-based employees.
- 6 Difficulty maintaining work-life balance and avoiding burnout.

Why oVice?

Global talent acquisition & retention

Tap into a global talent pool without geographical constraints and **attract the best candidates** regardless of location.

By providing a flexible work environment, companies **retain top talent** by offering a desirable work-life balance.

oVice facilitates **seamless collaboration** between team members, regardless of where they are located, fostering a sense of community and promoting **employee engagement**.

Client testimonial

Using oVice, we created a natural environment and built an atmosphere where talking to people on a whim was effortless. It became easier to approach someone and ask “What are you doing?” or “If we’re going to talk about this, why don’t you bring this person along?”.

Hidetoshi Kikuchi, RICOH

Why ovice?

Cost Reduction

\$646.00

Median Office Rate per person per month

\$480.00

Median Coworking Desk Rate per month

\$10.00

ovice cost per person: as low as \$10.00/month

Companies can save up to \$636.00 per person per month by switching to ovice

WingArc 1st Co., a company that supports information utilization, downsized their office by two-thirds and uses ovice's virtual office to promote their work style reform.

AstraZeneca K.K., a major pharmaceutical company, has introduced ovice to improve the working style of its MR resulting in the closure of all sales offices nationwide.

Why ovice?

Carbon Footprint

Save **2.6 metric tons** of CO2 emissions per person per year.

Traditional office spaces contribute significantly to greenhouse gas emissions through energy consumption and transportation.

Save about **100 hours** of driving time per person per year

Switching to ovice can reduce the company's carbon footprint by eliminating the need for daily commutes and reducing energy consumption.

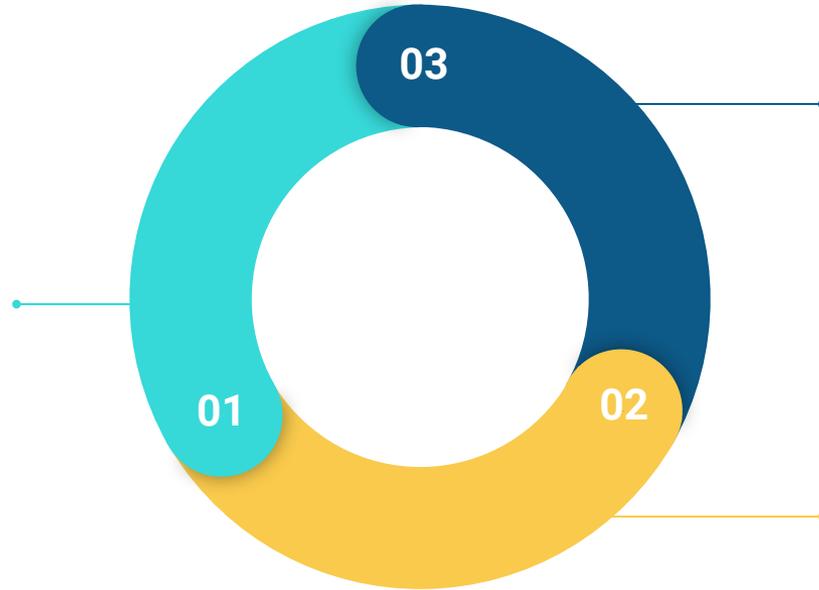

Save **3.6 million tons** of commuting-related greenhouse gases per year.

By reducing greenhouse gas emissions, the company can play a role in combating climate change and demonstrate its commitment to sustainability.

Resource Efficiency and Carbon Emission Reduction

At oVice, we are mindful of the importance of reducing carbon emissions.

Our engineering team prioritizes resource efficiency in product development and makes sure that our virtual office platform can support **large-scale teams** and events on **minimum computing power**.

Instant Meetings vs Emails

In a year, an average person in the developed world adds **136 kg of CO2** to the carbon footprint from the emails they send and receive

oVice Policy: By encouraging instant meetings in our virtual spaces, we significantly **reduce internal email** usage.

Avatar focused Communication

1 hour of videoconferencing can emit up to 1,000g of carbon dioxide. **Turning the camera off** during a web call reduces the footprint by 96%.

oVice Policy: **Avatar-focused communication** promotes a camera-off culture and encourages leaders to schedule video calls only when necessary.

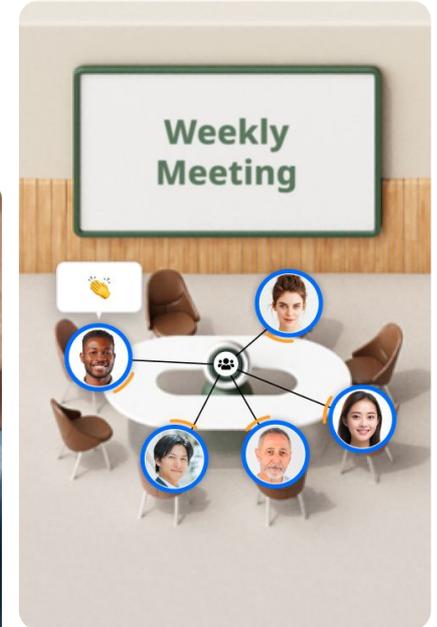

Why ovice? Equal Opportunity

ovice provides flexible work options that can help create equal opportunities for individuals who may face barriers in a traditional office setting, such as people with **disabilities** or those with **caregiving responsibilities**.

By offering flexible work arrangements, companies using ovice can also help **close the gender gap** in the workplace, allowing more women to participate in the workforce and achieve **work-life balance**.

Creating equal opportunities can improve a company's **reputation and brand image**, leading to increased employee and customer loyalty

Having a **diverse workforce** can bring in fresh perspectives and ideas, leading to better problem-solving and decision-making.

The quickest way to meet

Enhance team productivity with Streamlined communication.

180 seconds to say Hello!

Initiating a conversation takes an average of 3 minutes using chat or popular video conferencing tools

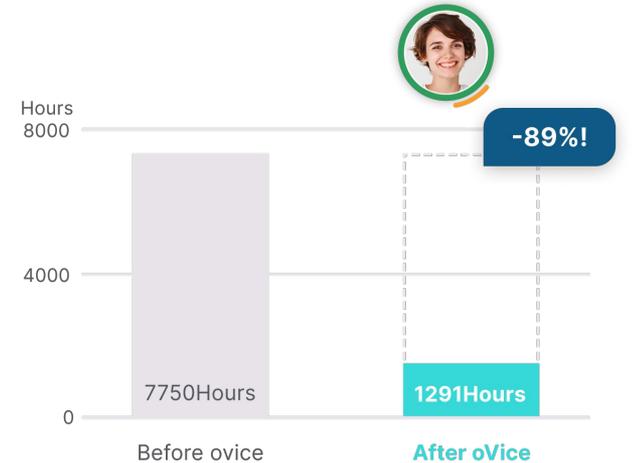

Longer wait times for communication may lead to delays in projects and missed opportunities.

30 seconds to say hello!

Initiating a conversation takes only 0.5 minutes on ovice.

Faster communication leads to increased productivity and efficient decision making.

Calculated by time needed to start a meeting x 5 meetings started per day x 1000 employees x 31 days in a month

Build Stronger Teams and Culture

Build stronger teams and company culture through ovice with immersive, spontaneous interactions.

BEFORE

Team interactions are limited to meetings, hindering spontaneous collaboration and weakening relationships.

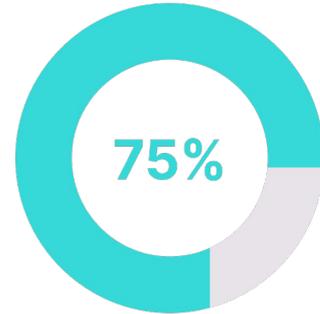

Limited options to showcase company culture

AFTER

ovice recreates the office atmosphere, facilitating casual interactions that strengthen team relationships

Customizable virtual office with branded features, interactive tools and gamification features to enhance employee engagement

Build Stronger Online Relationships and Teams
Utilizing oVice to build online relationships and teams has proved successful for 75% of customers who previously faced difficulties in doing so.

Key Points of Utilization:

Foster **seamless communication** between sales support and sales teams nationwide to boost business promotion.

Initiate rapid communication using ovice, **outpacing conventional video conferencing** tools.

Leverage ovice's customization capabilities to tailor the platform to **the team's specific needs** and circumstances.

Reviews

"ovice helped us connect teams across the country, enabling us to achieve **greater collaboration and productivity.**"

"**The customizable layout** and ease of use of ovice made it a great fit for our organization."

"With ovice, we were able to significantly **reduce the time** it took to initiate and conduct virtual meetings."

Case Study: Transforming the Industry's Work Culture

Canon is a multinational corporation specializing in the production of imaging and optical products, including cameras, printers, and medical equipment.

[Please refer to the case study in Japanese on our website.](#)

Key Points of Utilization:

National sales **offices were closed** to enhance MRs' flexible working styles while using cafes and rental offices, and ovice for meetings.

A virtual office enables communication with distant colleagues, **improving accessibility** and bridging geographical gaps.

ovice's chat feature allows for seamless communication during and after meetings, **replicating the flow of face-to-face interactions**.

Reviews

"With the elimination of sales offices, each employee is now expected to use their own discretion to **add value** to their time more than ever before"

"I think it is interesting to be able to communicate with people I have never met before. With ovice, it is possible to **have people connect** who would never have met."

"I think that not only the physical distance, but also the **distance between superiors and subordinates** has shortened"

Case Study: Cultivating a Culture of Innovation

AstraZeneca is a multinational pharmaceutical company known for researching, developing, and manufacturing prescription drugs, including the COVID-19 vaccine.

[Please refer to the case study in Japanese on our website.](#)

oVice X Tomorrow Street

With Ovice, develop an ecosystem connecting and collaborating between offline and online teams regardless of their physical location.

- 1** Accelerate contribution and participation to promote growth-focused initiatives, fostering a sense of unity and shared purpose.
- 2** Bringing together startups, leaders and stakeholders within the ecosystem will provide more opportunities for startups to showcase their product and service, gain exposure and foster collaboration.
- 3** The community will be a hub for discussions, knowledge sharing and network opportunities, cultivating an inclusive culture and sense of belonging among the Participants.
