LUNCH MOOD

SMOOI

WHEN, WHAT FOR OR WITH WHOM?

Who cares! Coffee to start. A juice for the thirst. A beer for the taste. A cocktail for the moment.

Plop down in the middle of the bustle, or enjoy all the time in the world. From a sandwich on the go to a table full of goodies. From a quick catch-up to hanging around for hours. With a cappuccino, a good glass of wine or a fresh lemonade. At the bar, in a cosy corner or simply at a table.

For the lunch you planned, or the one you just happen to roll into. From being in a rush to losing track of time. From nothing you must to everything you can.

Sit back, lean back, take a bite and... Aaaaaaah! Exactly. That.

Ah, who really needs a good reason anyway?

Enjoy lunch with the whole gang, even if you are more than 10 people. Our group lunch menu or a table full of goodies? Anything goes!

Table full of goodies

From brunch to an extensive lunch tasting. From a full table all at once to a 3-course lunch. Exactly the way you want it. Anything goes!

Group lunch menu

Simply choose for yourself, with no need to pick in advance. Just enjoy lunch the way it's meant to be. Exactly the way everyone wants it.

See our website for all lunch options.
