Randy Weisinger | Athletic Director 2008-2015

Randy Weisinger served as Midway ISD Athletic Director from 2008–2015, following a distinguished career as one of Texas high school basketball's most successful coaches and administrators.

A 1978 graduate of Galena Park North Shore High School, Weisinger returned to his alma mater as a coach in 1985 and became head basketball coach in 1986. During his 12 seasons at North Shore, he transformed the Mustangs into one of the state's premier programs, compiling a 328-96 record, 11 consecutive playoff appearances and two trips to the UIL State Tournament. The North Shore basketball gym was later named the Randy Weisinger Gymnasium in recognition of his impact on the program.

Weisinger later served as Head Basketball Coach and Principal at Georgetown High School before joining Midway ISD in 2008. Across his 16-year coaching career, he compiled an outstanding 439-120 record (.785 winning percentage), earning recognition as one of the UIL's Top 100 Basketball Coaches in 100 Years.

As Midway's Athletic Director, Weisinger oversaw a period of tremendous growth and development. During his seven-year tenure, Midway transitioned from Class 4A to Class 6A, while approximately \$20 million was invested in athletic facility renovations and construction. Improvements included locker rooms, scoreboards, gyms, courts, fields, Panther Stadium and the development of the Midway Activity Center.

Under his leadership, Midway athletics continued to achieve success across numerous sports and became one of the state's most competitive overall athletic programs. In 2011, Midway finished second in the UIL Lone Star Cup, a statewide competition recognizing excellence across athletics and other extracurricular activities.

Weisinger's impact extended beyond wins, championships and facilities. He emphasized providing Midway student-athletes with safe, first-class facilities and opportunities to compete at the highest levels. His tenure helped establish an athletic infrastructure that will serve generations of Midway athletes and coaches.

Thomas Field | Class of 2005

Thomas Field, a 2005 graduate of Midway High School, distinguished himself as an outstanding two-sport athlete in football and baseball. He was a member of Midway's 2003 Class 4A State Championship baseball team and helped lead the Panthers to a 2005 State Runner-Up finish. Field earned All-District Super Cen-Tex honors in baseball in 2003 and 2004, was named to the 2005 UIL Class 4A State All-Tournament Team, and was a First-Team All-State selection. In football, he earned All-District Super Cen-Tex honors in 2003 and was named Midway's 2003 Football MVP.

Field continued his baseball career at Texas State University from 2006–2008, where he became one of the program's top players. As a junior, he earned First-Team All-Southland Conference honors, set Texas State single-season and career records for runs scored, and was selected by the Colorado Rockies in the 24th round of the 2008 MLB Draft.

His 10-year professional career included 2010 Colorado Rockies Organizational All-Star honors and a selection to the 2011 Texas League Postseason All-Star Team. On September 11, 2011,

Field made his Major League Baseball debut with the Colorado Rockies, later playing in the majors for the Los Angeles Angels and Texas Rangers. He is currently a professional scout for the Philadelphia Phillies and was the 2025 recipient of the Dallas Green Scout of the Year award.

Beyond his accomplishments on the field, Field has continued to represent Midway with character and integrity, while remaining connected to and investing in the Waco-area community and its future athletes.

PANTHER STADIUM

Zamyal Jackson | Class of 2000

Zamyal Jackson, a 2000 graduate of Midway High School, established herself as one of the most accomplished track and field athletes in Midway history. A three-time UIL State Meet medalist, Jackson won the Class 4A state championship in the 100-meter hurdles in 1999, and earned a silver medal in 2000. She also captured bronze in the 300-meter hurdles in 1999. Jackson remains the Midway school-record holder in both the 100-meter and 300-meter hurdles.

Jackson continued her career at LSU, where she became a standout member of the Lady Tigers' nationally competitive track and field program. She was an NCAA provisional qualifier in the 100-meter hurdles as a freshman, earned SEC Indoor honors, and contributed to LSU's 2002 NCAA Indoor Championship team.

Her junior season in 2003 was particularly impressive. Jackson recorded a 13.33 season-best in the 100-meter hurdles, finished third at the SEC Outdoor Championships, and earned an at-large invitation to the NCAA Championships after being ranked 19th

nationally. Her season was unfortunately cut short when she suffered an ACL injury during the NCAA Mideast Regional final.

Beyond her athletic accomplishments, Jackson has continued to give back to the sport as the Head Girls Track Coach at Thomas E. Randle High School in Richmond, Texas, helping develop the next generation of student-athletes.

Tori Polk | Class of 2002

Tori Polk, a 2002 graduate of Midway High School, established herself as one of the most accomplished track and field athletes in Midway history. A four-year standout in track and field and soccer, Polk was a three-time UIL State qualifier and two-time state runner-up in the long jump, while also qualifying for the regional meet four times in both the long jump and 200 meters. She was a four-time district champion in both events.

In 2002, Polk produced a remarkable 20-foot, 1/2-inch long jump, establishing a Midway school record and what has been recognized as a longstanding Central Texas record. She also established a Midway record in the 200 meters. Her accomplishments at Midway placed her among the elite high school long jumpers in Texas.

Polk continued her career at Texas Tech University, where she became a three-time All-American and four-time All-Big 12 performer. In 2004, she earned All-American honors in both the indoor and outdoor 4x400-meter relay, helping those teams establish Texas Tech school records. In 2005, she earned All-American honors in the long jump after finishing sixth

at the NCAA Championships. In 2006, she set a new Texas Tech indoor long-jump record with a mark of 21-2 3/4, which automatically qualified her for the NCAA Championships and ranked among the nation's best.

Polk went on to compete at the highest levels of international track and field. In 2011, she represented the United States at the World Championships and finished seventh in the long jump at the Pan American Games. She returned to the World Championships in 2013, advancing to the long-jump final and finishing eighth in the world. That same year, she won the silver medal at the USA Outdoor Championships with a personal-best 6.80-meter jump.

In 2014, Polk captured her first national championship, winning the USA Indoor Long Jump Championship with a career-best indoor mark of 6.70 meters. She later finished fifth at the 2014 World Indoor Championships, becoming the only American—men or women—to reach the long-jump final at those championships.
