HEAVY METAL DETOX

Dose: 1 capsule per day

Facilitates the body's natural removal of toxic metals without inducing discomfort during the detoxification process. Particularly beneficial for individuals with mercury fillings, this formula effectively binds to mercury and other toxins, facilitating their safe elimination from the body.

DETOX SUPPORT

Dose: 4 capsules per day

Detox Support aids in the removal of mercury and various toxins from tissues, combating harmful free radicals and bolstering the immune system. It facilitates the detoxification of heavy metals and other harmful compounds, making it particularly crucial after mercury filling removal.

LIPOGLUTATHIONE

Dose: 2 pumps three times per day; 6 total

Glutathione plays a vital role in post-mercury removal by powering detoxification pathways, aiding in the transport of mercury out of the brain and other organs. Detox Support and Glutathione complement each other:

Detox Support acts as the bullet, breaking down and dislodging toxins from tissues, while Glutathione functions as the taxi cab, facilitating the removal of toxins from the body.
