

PURCHASING

There are several factors to consider when purchasing Actsafe Power Ascenders. Take a look at our buyers guide when planning your purchase:

SKYLOTEC ACTSAFE POWER ASCENDERS

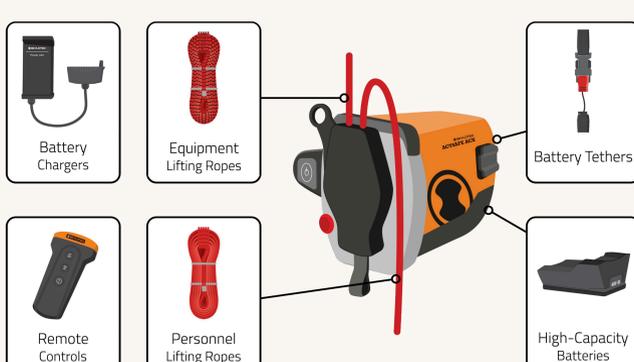

INTENSITY OF USE (Maximum meters of travel per half hour)	USER PROFILE				
	DIY / HOBBY General Lifting Activities	LIGHT PROFESSIONAL USAGE • Entertainment/Theatre Rigging • Confined space entry • Arborism • Scaffolding	PROFESSIONAL USAGE Occasional Lifting • Rope access • Rigging • Inspection • Industrial Cleaning • Telecom • Basic Building Maintenance (e.g. window cleaning)	HEAVY INDUSTRY Continuous Lifting • Wind • Offshore • Construction • Geotechnical • Industrial Maintenance • Energy	RESCUE Emergency Services: • Fire Services • Recovery & Rescue Teams • Mountain Rescue • SAR • Aid
LOW (<100m*)	ICX	ICX	ICX		
MEDIUM (100m-200m*)					
HIGH (200m-300m*)				ACX/PMX	RCX
VERY HIGH (300m-400m*)	ACX/PMX	ACX/PMX	ACX/PMX	ACX/PMX	RCX
EXTREME (400m-500m*)					

*Distances of travel with 100kg load, starting at 20°C Temperature. Depending on environmental conditions, the ascenders may heat up and will need to cool down to continue operations. Choose a larger and more powerful ascender for intensive use. If the ascender is too small, it will expose the machine to more stress and unnecessary wear and tear.

WLL - Working Load Limit

ACCESSORIES

REAX hold stock of Actsafe accessories to keep operations rolling.

REAX Equipment is a leading distributor of access, safety and rescue equipment working with over 30 manufacturers to supply all industries across the UK. Scan QR code to see our full range.

HIRE

[View Hire Services](#)

Our fleet of Actsafes have a track history of keeping long term projects moving and provides the basis for larger teams looking to invest and adopt power ascenders into their daily operations.

Our Safe Hire Accreditation is HAE's quality assurance mark, developed in partnership with the Health and Safety Executive (HSE). It confirms that we meet rigorous safety, operational, and customer service standards.

As part of our membership with the HAE, we can offer a Hire Secure Agreement, meaning you won't be held responsible for most repair or replacement costs, provided you've opted into the Waiver.
