The Pragma Difference

Great lawyers

Our lawyers sit on extra-curricular boards and committees related to the betterment of justice. We are pragmatic, effective and results-driven.

Quality assurance

We are a Quality Practice Standard (QPS) law firm approved by the Law Society of Western Australia: this means we adhere to internal processes designed to improve client satisfaction and avoid wastage.

Proportionality

We aim to only take those steps where the time and cost incurred is proportionate to the achievement of a fair and favourable outcome. This assists in managing your legal costs.

Flexible and cost effective

We are amenable to flexible fee engagements including fixed fee and success fee arrangements. We don't charge for the "small" stuff like low scale printing / photocopying or disbursement charges for faxes and phone calls

Outcomes driven

We aim to help our clients avoid and resolve disputes in the most efficient way. This includes developing strategies which focus on outcomes for you (by way of example and in the context of a legal proceeding, being outcomes driven means working towards a settlement or determination of the dispute).

Visit our website to learn more about The Pragma Difference, www.pragma.law

The central purpose of our firm is to help our clients avoid and resolve disputes as efficiently as possible so they can focus on what's important to them. We do this by offering a pragmatic approach to the practice of law that better aligns with our clients' interests.

Pragma was founded in 2014.

In our view, too many lawyers go through the motions rather than identify their client's goals and make a beeline for that outcome as quickly as possible.

Since 2014, we have established ourselves as one of the firms of choice by:

- Helping thousands of clients resolve disputes on favourable terms so they can focus their time and energy on what's important to them;
- In respect of cases where Pragma is engaged and it proceeds to trial, having a success rate of 70 to 95% year on year;
- Growing our staff to 56 team members with 35 lawyers in spacious state-of-the-art offices on Rokeby Road; and
- Contributing to our local community by providing pro bono support for a variety of organisations including Law Access Ltd, The Piddington Society and the Subiaco Justice Centre.

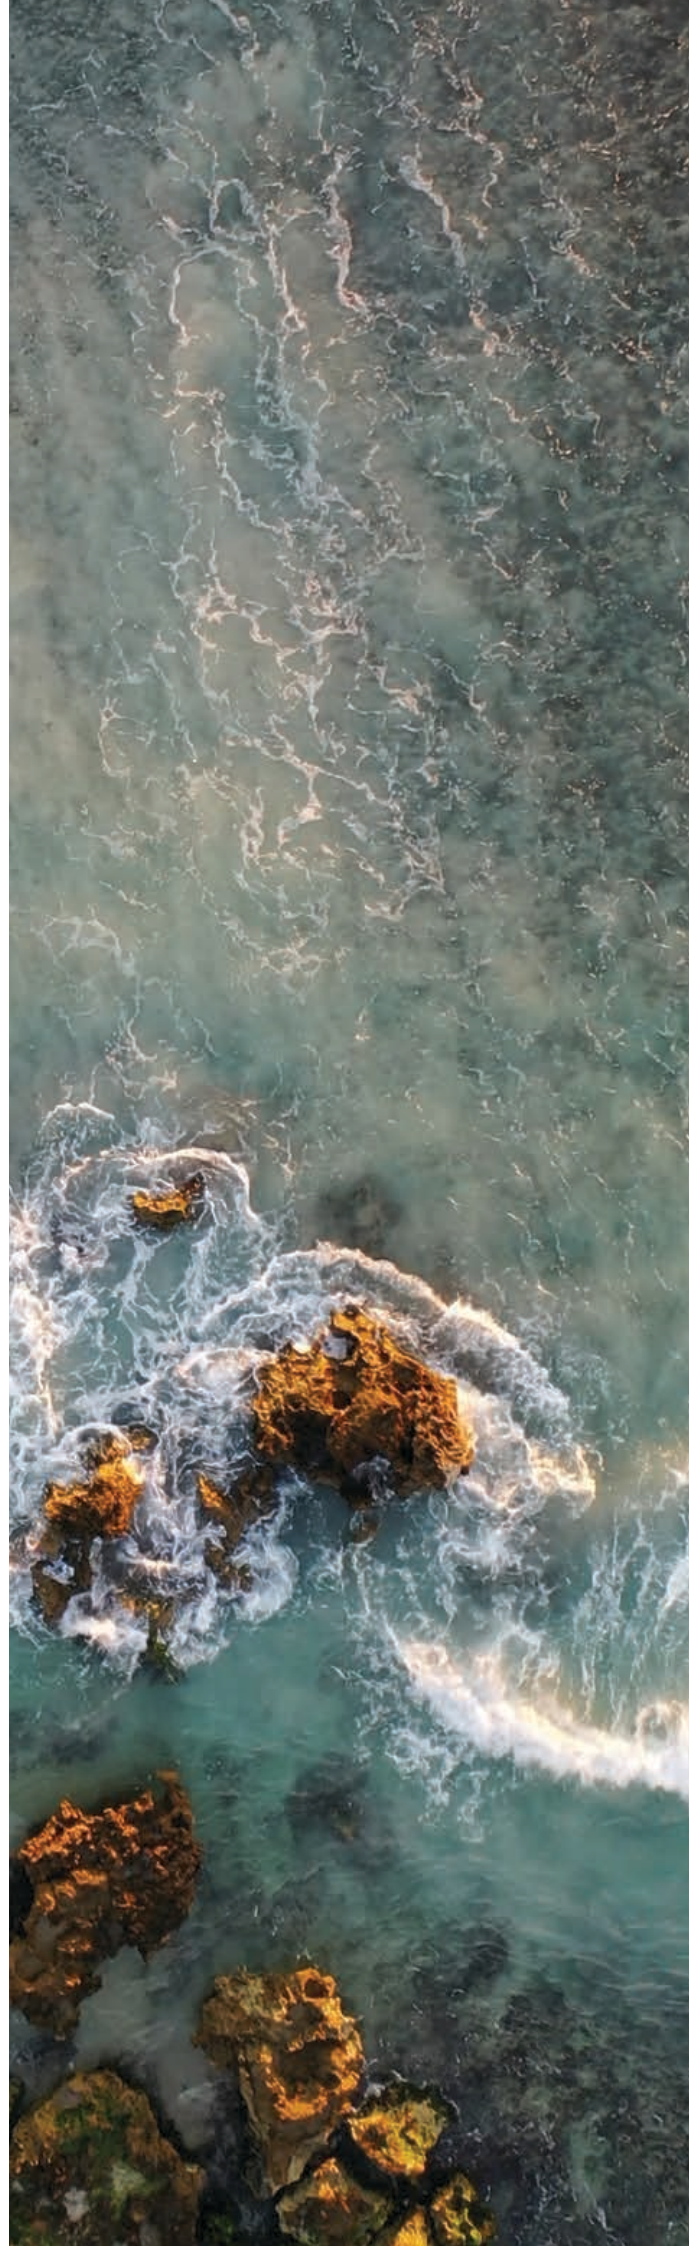

We are optimistic about the future and hope that we can assist you.

If you have any queries please feel free to telephone or email me directly on +61 (0) 401 919 456 or aaron@pragma.law.
