

Dear Patient,

Thank you for choosing Bayview Pharmacy!

Inside your shipment, you will find a temperature monitoring tag. This tag is included to help ensure that your medication was maintained within acceptable temperature limits during transit.

Please inspect the temperature tag immediately upon opening your package:

- If no indicators have changed color, your shipment remained within acceptable temperature conditions.
- If the indicator shows brief or moderate exposure, the medication may still be acceptable, but please contact us if you have any concerns.
- If the indicator shows prolonged exposure, please contact Bayview Pharmacy before using the medication.

If you have any questions or concerns about your shipment, please contact our pharmacy right away. We are here to ensure your medication is handled properly.
