

COMBINED INCUBATOR DAILY OBSERVATION LOG

Facility: Bayview Pharmacy **Month / Year:** _____ **Designated Person / PIC:** _____
Temp Monitoring Method: _____ **Reviewed By:** _____ **Review Date:** _____

Inspect each incubator daily when samples are present. Record temperature status, sample presence, visible growth / no growth, media or plate integrity, corrective action needs, and initials. Any growth, temperature excursion, missing sample, leakage, contamination, condensation issue, or other abnormal finding must be documented and escalated to the designated person or PIC.

Date	Time Checked	TM6001 - QT Micro Sterility Media (30-35c°)						TM6000 - QT Micro Sterility Media (20-25c°)						TSA Plate Incubator - Viable Surface / Fingertip / Media-Fill (30-35c°)						SDA Plate Incubator - Fungal / Mold Plates (20-25c°)
