This standardized order form helps ensure accurate, safe, and efficient prescribing of customized compounded medications. Please review the brief instructions below before completing or submitting any form.

For Prescribers

1. Select the Formulation

Fill in the bubble next to the intended compounded product.

2. Choose Directions/SIG

Select one of the provided SIG options or write custom instructions.

3. Complete Patient Information

Include full name, DOB, address, phone number, and other information.

4. Fill in Prescriber Information

Include your NPI, DEA (if required), phone, fax, and address.

5. Sign and Date

Unsigned forms cannot be processed.

6. Fax Completed Forms

Send to (401) 284-4506 or (401) 210-2757.

For Patients & Caregivers

- **Give this form directly to your healthcare provider.** They must complete and sign it before Bayview Pharmacy can prepare your medication.
- You may receive this form from a provider or facility; bring it to your next appointment if it has not yet been completed.
- Do **not** fill out the prescriber sections yourself. Your provider will enter your dosing instructions and clinical details.
- After we receive the prescription, we will reach out to the patient to go over the medication, allergies, shipping/pickup, and payment.

Prefer to skip the fax? Bayview Pharmacy accepts electronic prescriptions from all major EHR and e-prescribing platforms on the Surescripts network. Here's how to send your prescription electronically in three quick steps.

How to E-Prescribe

1. Search for our pharmacy

In your EHR or e-prescribing platform, search the pharmacy directory for “Bayview Pharmacy” — or search by ZIP code 02886 and look for us in Warwick, RI.

2. Verify you have the right location

Confirm the listing matches the details in the box below before selecting it.

3. Enter the prescription and send

Enter the compounded medication exactly as it appears on the order form — product, strength, quantity, directions, and refills — then transmit. No fax needed; we take it from there.

Pharmacy Name	Bayview Pharmacy
Address	3844 Post Road, Warwick, RI 02886
NCPDP ID	4106882
NPI	1750455143
Phone	(401) 284-4505
Fax	(401) 284-4506

THE FASTEST WAY — PRESCRIBE WITH BAYVIEW CODES

Every validated formulation has a short **Bayview code** (like **TP500**) — the same codes printed on the order form and the validated formulations sheet. Instead of typing out every ingredient, put the code first in your compound / free-text entry and we match it to the exact validated formulation instantly:

Bayview TP500 — Alprostadil 500 mcg/ml + Papaverine 7.5 mg/ml + Phentolamine 1 mg/ml, 1 x 0.25 ml prefilled applicator

Include the quantity, directions/SIG, and refills as usual. If your EHR only accepts a plain formulation name, type it exactly as it appears in the Rx section of the order form.

Questions? Call (401) 284-4505 and one of our pharmacists will walk you through it.
