

West-Tech Materials®

West-Tech Materials is your sales and engineering resource to leading MedTech & Electronics manufacturers. With a solutions-focused approach & synergistic capabilities, we offer seamless collaboration at any stage to meet your critical milestones.

Our partners specialize in providing innovative materials and equipment for electronics assembly across the aerospace, defense, automotive, and communications industries. Proficient in Concept/Design, R&D, & Production, we help identify the tools to enhance your products.

With a comprehensive portfolio & 30+ years of experience, we're committed to delivering the highest level of customer service & technical support.

How *Our Team* **drives value** for *Your Team*....

CONCEPT

- Ideation
- Material Consultation
- Process Consultation
- Design for Manufacturing

R&D

- Iterative, Quick-Turn Prototyping
- Material Samples
- Equipment Demonstrations
- Process Development
- Project Mapping
- Timeline Development

LAUNCH

- Validation
- Pilot Line Development
- Supply Chain Continuity
- Supply Chain Consolidation
- Single Point of Contact
- Production Planning

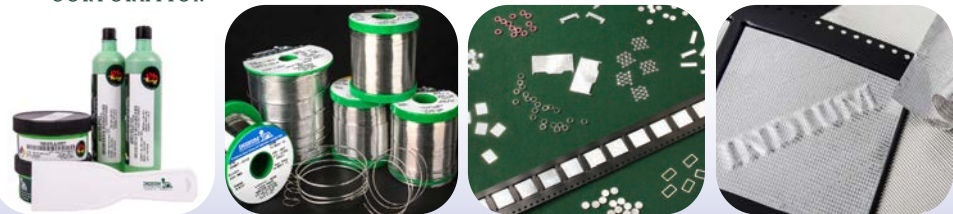

PRODUCTION

- Business Continuity Planning
- Cost Reduction Analysis
- Off / Re-Shoring
- Process Improvements
- Automation
- Volume Scaling

- Over 400 Alloys for Soldering Applications
- Paste, Wire, Preforms, Bar, Flux & Thermal Interface Materials
- Industry Leading Technology

DESCO

- Static Control Products & Ionizers for Personal & Workstation Grounding
- ESD Tabletop & Floor Matting as well as Continuous Monitors
- ESD Flooring, Tape, & Signage Solutions

- Fixed & Adjustable Temperature Soldering & De-Soldering Systems
- Fume Extraction
- Versatile Convection & Rework Systems

- Solvents, Chemicals & Engineered Cleaners
- ESD Cleanroom Swabs & Wipes
- Flux Removers, Conformal Coatings, Vapors Degreasers & Saponifiers
- Solder Wick, Rework & Repair Pens

- Advanced Light Curable Adhesives & Coatings with "See-Cure" Technology
- Applications Include Bonding, Coating, Masking, Encapsulating & Potting

- Static Neutralizing Systems, Ionizing Bench Top & Overhead Blowers, Electrostatic Charging Equipment, Clean Room Systems
- Static Control Measuring Devices

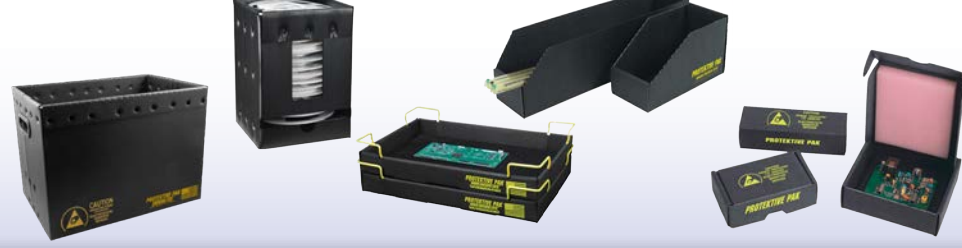

- ESD Protective Bottles, Stainless Steel Pumps, Solder Rework & Repair Tools
- Precision Tweezers, Cutters, Pliers, & Specialty Tools

PROTEKTIVE PAK

- ESD Packaging Including Containers, Trays, Foam, Tape, Bags, & Tool Carriers used for Safe Handling & Shipping

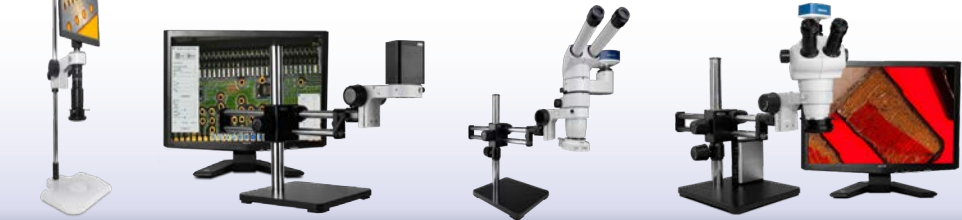

- Coating services include Conformal, Parylene, Potting/Encapsulation & EMI/RFI Shielding
- Consulting services include Coating Selection, Design, Prototype & Manufacturing

SCIENSCOPE

- Optical Inspection Systems with 4k Resolution Imaging & Measurements
- Microscopes, Trinocular & Stereo Zoom Binocular Microscopes with Accessories

- Integrated modular solutions for SMT
- Pick 'n Place, Printers, 3D AOI, PCB Routing & Systems Management Software
- Local Training, Service & Support

- Ergonomic Workstations inspiring productivity
- Easy-Lift Electric & Manual Mechanisms
- Highly Customizable with Accessories

Electronic Assembly Division Team

Romteen Youssefi, CPMR, CSPC
President
ryoussefi@westechmat.com
(949) 375-5910

Los Angeles, Ventura & Santa Barbara Counties
Zahava Zalben
Sales Representative
zzalben@westechmat.com
(310) 409-8524

Orange, Inland Empire & San Diego Counties
Steve Yang
Sales Engineer
syang@westechmat.com
(626) 388-7006

Baja California & Mexico
Enrique Gastelum
Sales Manager
