

NDoc Version Number: 17.49.01

INSTALLATION:

- Please note that users logged in while installing an update will lose access and any unsaved work.
- There are a number of ways that the update can be applied to your NDoc server:
 - Download and execute the update from the Thornberry Knowledgebase (<https://www.thornberryltd.com/ndoc-updates/updates>)
 - Schedule the update for installation in System Updates using instructions found within the Operations Manual: <https://www.thornberryltd.com/documentation/operations-manual-tech>

Summary: This update contains the following enhancements and corrections (applies to all customers)

SIGNIFICANT NEW FEATURES/ENHANCEMENTS/REGULATORY CHANGES:

- **Regulatory Change:** The following regulatory item is included in this update:
 - **OASIS-E2:** The CY2026 Home Health Rule included final language implementing the release of a new OASIS version. The new version will be OASIS-E2 and will be effective April 1, 2026. Implemented changes include:
 - One item, O0350 (COVID-19 Question), has been removed.
 - One item, A1250 (Transportation), has been replaced with a modified version, A1255 (Transportation), with a change in time points.
 - Three items have been added to the ROC timepoint (B1000-Vision, B0200-Hearing, A1110-Language)
 - One item, M0069 (Gender), has been replaced with a modified version A0810 (Sex).
 - One item, J1900 (Number of Falls), has modified response options. [THOR-921]
 - **PDGM Grouper for April 2026:** An updated PDGM Grouper has been released. The PDGM Grouper v07.1.26 is required for PDGM bill periods on or after April 1, 2026. [THOR-1016]

CARE PILOT:

- **Visit Charting – Therapy Reassessment Hard-Stop Issue:** In certain cases, the hard-stop reminder message logic applied to the 30-Day Therapy Reassessments was not being triggered correctly when visits were started from the Calendar Details or using the drop-down scheduled visit in Visit Charting. This has been resolved. [THOR-807]

ADMINISTRATION:

- **Employee>Employee Table>Demographics Tab – Additional License Options:** Three additional entry options for licenses have been added increasing the number of licenses able to be captured from seven to ten. [THOR-1011]

TABLE CHANGES/ADDITIONS FOR ODBC REPORT USERS:

- **OASIS-E2 ODBC:** The following classes have been created to provide access to the field values (current, admission, discharge) via ODBC for the latest OASIS assessment version, OASIS-E2.
 - SQLUser.OASISE2_Admission_Values
 - SQLUser.OASISE2_Current_Values
 - SQLUser.OASISE2_Discharge_Values [THOR-1034]

△ For Hosted Customers, all NDoc monthly updates are installed by the Thornberry support team per the terms of the Memorandum of Understanding: Server Maintenance and Updates.

△ These Release Notes detail significant changes in user side functionality. Coding changes for program maintenance are not reflected.
