

**December 26**

## **Conference Advance - Evangelism**

Today's Offering – Evangelism

Her name is Holly. I (Virgil Covell) and Caleb Kurtz have prepared for this day well over a year. Caleb had faithfully followed up Bible studies leads and had made other contacts and friends in the community. He and his wife, Gail, had an interest list of over 100 people.

We had been visiting for several days before the meetings. Thousands of flyers had been mailed. Emails, text messages sent. Now we were sitting in an empty hall waiting, hoping and praying. Holly walks in. She was a soldier of 15 years, an Iraqi war veteran and an avid bible student.

She was earnest and serious. She was not on our interest list. She did not know Caleb or me. She had received a brochure and preregistered. And now she was about to hear the most important messages of her life.

Holly and 20 other non-church members have an opportunity to hear and make a decision for Jesus, to accept His end time message and to become a part of the greatest work going on in earth today. Your donations brought us face to face. Won't you give today for 2026 evangelism efforts in Kansas-Nebraska? Thousands of other Hollys remain to be reached. Let's pray...
