

Technical Attachment - Academy

1. Overview of Services

AccessiWay Academy is a structured training service delivered live, designed to enhance digital accessibility skills within organizations.

2. Types of Services

Each *seat* corresponds to the participation of one individual in a full online live training course with predefined duration and content.

Service	Description
Academy - 20 seats	Package that includes participation of 20 individuals in training courses delivered by AccessiWay Academy.
Academy - 50 seats	Package that includes participation of 50 individuals in training courses delivered by AccessiWay Academy.
Academy - 100 seats	Package that includes participation of 100 individuals in training courses delivered by AccessiWay Academy.
Academy - seat	Participation of one individual in a training course delivered by AccessiWay Academy.

3. Limitations

The Academy service requires a minimum of 3 participants (3 *seats*) per course. If this minimum requirement is not met, the course cannot be activated.
