

## **Associate, Private Equity Investments**

Alphi Capital is a Toronto-based private equity firm founded in 2022 by Andrew Fortier and Thecla Sweeney. Alphi targets investment opportunities in the Canadian lower middle market – focusing on business services, value-added distribution and high return on invested capital businesses. Alphi brings a programmatic approach to value creation through data analytics, sales force growth, and execution of buy and build strategies.

The firm has had a very strong start with various investments completed and others underway. As a result, we are growing the team and looking to add at the Associate level. An exciting opportunity which offers tremendous experience working along side a highly talented team of private equity investment professionals.

### **Job Description**

- Associate will work closely with the Partners across a mix of opportunities for new investments and eventually portfolio value creation
- Work in a small deal team and will be exposed to the full spectrum of private equity investing including investment thesis development, evaluation of new platform investments, deal execution, identification and execution of add-on acquisitions, and portfolio management.
- Prepare research, evaluation and analysis of industries and market sectors to develop an investment thesis and strategy
- Involved in fundraising and investor relations alongside Partners in creating presentations, due diligence materials, communications, etc.
- Looking to hire personable, intelligent, self-starters who exhibit professionalism and exceptional analytical, organizational and communication skills
- At Alphi, we value and embrace the many perspectives that arise from a variety of cultures, genders, religions, and national origins
- Commitment to Diversity, Equity, and Inclusion (DEI) ensures that Alphi is a place that attracts, grows, and promotes top talent from all backgrounds

## Qualifications

- 2+ years of previous experience in investment banking, principal investing, consulting or corporate finance/transaction advisory
- Undergraduate degree with strong academic standing
- Fluency with financial statements, modeling, and capital structure
- Great teammate with strong interpersonal skills
- Solid analytical skills, strategic insight, industry perspective and intellectual curiosity
- Exceptional verbal and written communication skills
- Eligibility to work in Canada and the ability and willingness to travel
- High level of proficiency in MS Office products (specifically Excel and PowerPoint) and financial modeling skills
