# Cremorne

Our Cremorne Vertical Village offers private, self-contained studio apartments designed for people who want independent living with support close by. Each apartment includes a private kitchen, ensuite bathroom and living space, providing a comfortable and secure home in Sydney's lower North Shore.

The location makes everyday life easy, with public transport, local cafés and shops all close by. Residents can enjoy their own space or spend time in shared areas within the building, depending on what suits them day to day.

Communal spaces include an outdoor deck and BBQ area, offering relaxed spaces to connect with neighbours, friends or family. These areas are optional and designed to support choice, routine and community connection.

This Vertical Village model provides the right balance of privacy and shared living, with support available in the building and a calm, well-located environment to call home.

## Features

Close to public transport

Communal outdoor deck & BBQ area

Close to cafes and shops
