# Petersham

Our Petersham Vertical Village offers private, self-contained studio apartments designed for people who want independent living with support close by. Each studio includes a kitchenette, ensuite bathroom, bedroom and balcony, providing a comfortable and secure space to call home.

The location supports everyday routines, with public transport a short walk from the entrance and cafés, restaurants and local shops nearby. Residents can enjoy their own space or connect with others in shared areas within the building, depending on what suits them.

Support practitioners are available on site 24/7, offering assistance while respecting each person's independence and choice. This home is well suited to people with psychosocial disability who value privacy, routine and easy access to community life.
