the Village Project

Every kid ~~should~~ CAN have extracurriculars.

Most extracurricular activities in **your community** are **not financially accessible** to lower-income families. **We've solved this with three simple steps:**

1

Donate now!

Impact in YOUR community

You make a donation

Help make extracurriculars accessible! Even $1 makes a difference. If you are planning to donate over $1,000 you have the power to **customize your donation** to decide exactly what you want to support.

2

100% go to kids*

We allocate donations through Guildara

Families apply for scholarships, and when a match is found, **they receive a confidential discount**, closing the extracurricular access gap in real-time.

3

100% transparency

You receive updated reports

Every month, you'll receive a **detailed email report** on how your donation supported kids.

*Every penny of your donation funds kids' attendance to activities, with no deductions for salaries or operational costs — with the exception of a minimal payment processing fee of 3-4%.

Let's build a future where opportunity is a birthright for everyone.

Run an extracurricular business?
Join Guildara and reach thousands of families.

Do you want to explore extracurricular opportunities?
Explore Guildara, a place for you to find and register for every extracurricular in your community.
