## The twelve metrics of Christmas

Mergers & acquisitions  
Corporate finance advisory  
Capital raising

15 December 2025

### Overview

To close out the year, and celebrate our 400<sup>th</sup> Tech Insights report, we're unwrapping twelve stories, milestones and quirks that have defined Clare Capital over the past twelve years. On the first day of Christmas Clare Capital gave to me...

**1** defamation case

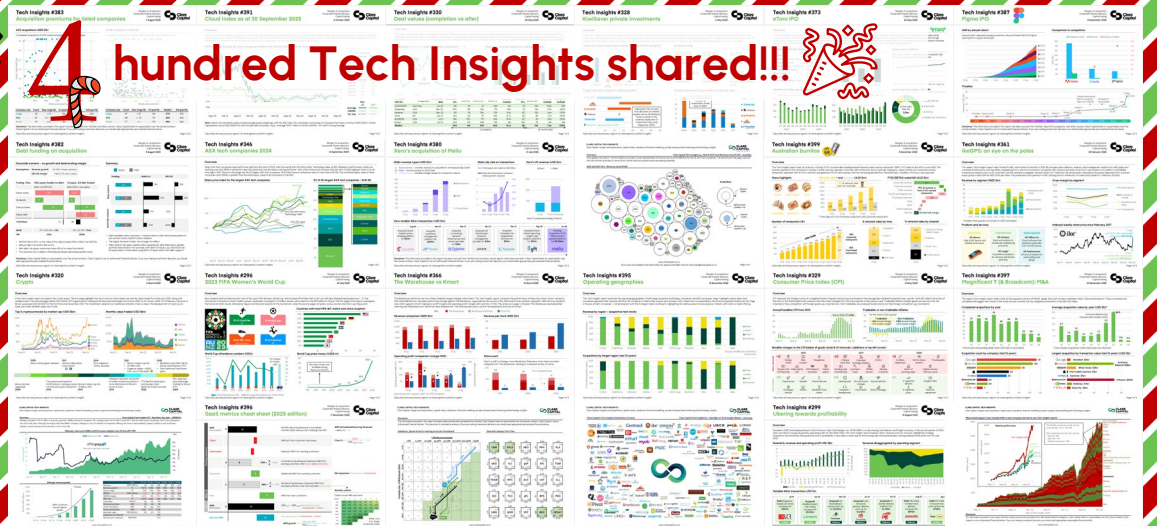

**2** years of sponsoring Banquer

**3** different offices

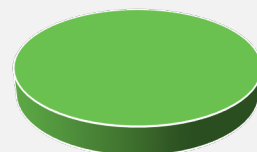

**4** hundred Tech Insights shared!!!

**5** graphs per Tech Insights report (average for 2025)

Pie charts should be used...

■ Almost never

**6** pm is the average time Tech Insights are sent out

## The twelve metrics of Christmas

Mergers & acquisitions  
Corporate finance advisory  
Capital raising

15 December 2025

**7** Tech Insights where the word 'Christmas' is mentioned (including this one)

**9** members of the team

**10** (in 10 mins) cheeseburgers eaten by Eliot Brown

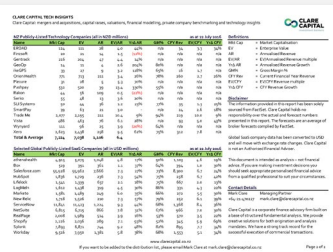

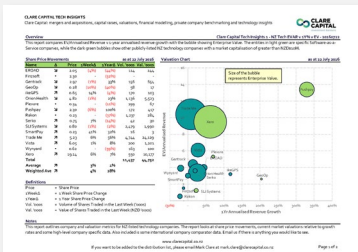

**12** years since Clare Capital was founded

**0.5** years since the first Tech Insights report was produced

Kent made the first Tech Insights report

**11** Raglan Roast coffees consumed daily by our team

Mark Clare circa 2013

**Disclaimer** The information provided in this report cannot be verified by traditional sources. Clare Capital holds no responsibility over the actual numbers. Additionally, past cheeseburger eating performance is not an indicator of future cheeseburger eating performance. Capacity and desire to eat is subject to change. Cheeseburger eating events are inherently risky (and delicious, albeit decreasingly so) and you should seek appropriate professional advice before attempting.
