Overview

SCOTT

Scott Technology (NZX:SCT) designs and manufactures automated production, robotics and process machinery. Founded in Dunedin in 1913, the company has grown into a global provider of industrial automation, employing more than 600 employees across 10 countries and serving major multinational customers worldwide. It's operations are organised across four domains: proteins, mining, materials handling, and rest of business (now predominantly appliances). Scott Technology's products and systems are designed to improve productivity, operational efficiency and workplace safety across a range of industrial end markets.

Domains

Protein

Food processing automation and robotics for the red meat and poultry industries such as beef boning and poultry trussing machinery.

Revenue: $69m (25%)

Selected key customers:

Silver Fern Farms, ANZCO Foods, Walmart

Minerals

Sample preparation and automation equipment for the minerals industry, including rock crushers, pulverisers and dividers for mining and research.

Revenue: $51m (19%)

Selected key customers:

BHP, RioTinto, SGS

Materials handling

Warehousing and logistics automation solutions such as palletising, storage and conveyor systems.

Revenue: $123m (45%)

Selected key customers:

Coca-Cola, Pfizer, Microsoft

Rest of business

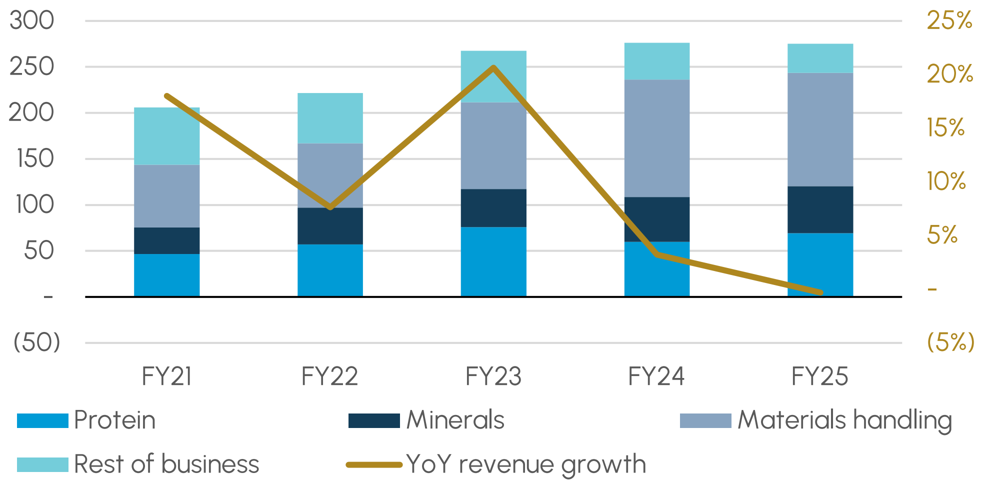
Now largely appliance manufacturing from fully automated production lines to standalone equipment units.

Revenue: $32m (11%)

Selected key customers:

BOSCH, Electrolux, Haier

Revenue by domain (NZD $m)



EBITDA (NZD $m) & EBITDA margin (%)
