

## WuduWash Stainless Steel Stool Specification Sheet

Product Code : TWUDU-S

### Dimensions & Diagram in MM Below:

### DESCRIPTION :

Engineered for durability, comfort, and stability, the Stainless Steel Wudu Stool is the perfect seating solution to accompany all WuduWash foot wash troughs. Constructed from high-grade stainless steel, this offers a hygienic, corrosion-resistant finish ideal for frequent use in both public and private ablution areas. Its sleek, minimalist design ensures seamless integration with any WuduWash trough setup, while the sturdy base plate provides secure floor mounting for added safety and user support during Wudu. Ideal for mosques, schools, commercial buildings, and multi-faith prayer spaces, this stool enhances user comfort while maintaining a professional and long-lasting ablution facility.

- Manufactured from grade 304 stainless steel, 1.2mm thick.

### Frequent Areas Of Installation:

- School
- Mosque
- Airport
- Hotel
- Restaurant
