**5-25 FHRs depending on your package requirements*

TRUSTED PROTECTOR OF THE STRONGEST SUPPLY CHAINS

Supply chain risk management is critical to the world's largest businesses. They know how costly disruption is – that's why they trust us to help protect their supply chain. By analyzing the financial health of their critical suppliers and scanning their supply chains for risk hotspots they avoid disruption that would impact business revenue, cost market share, or reputational damage.

Last year alone, supply chain disruptions increased by 32% year-on-year, impacting millions of businesses globally.

72%

Experienced Supply Chain Disruption in 2022

33%

Experienced Increased Costs as a Result

66%

Lost 6-20% Revenue Due to Supply Chain Disruption
